## Website Update

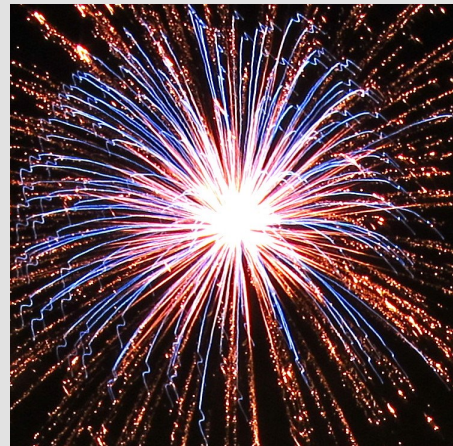

Big changes are coming! We're excited to announce that our website will be getting a fresh new look in the coming months. You can expect an improved design, smoother navigation, and an enhanced experience tailored just for you. Stay tuned—we can't wait to share the update with you!

## Fireworks Safety

The lighting of privately owned fireworks on the Fourth of July is a long-standing tradition, and efforts by local government to restrict their use are often ineffective. However, the Village encourages residents to be mindful and responsible when using fireworks and invites everyone to enjoy the best fireworks display in the County at Commons Park. To ensure safety, Palm Beach County Fire Rescue and the Sheriff's Office will be on high alert throughout the holiday. If the Sheriff's Office receives reports of careless or dangerous behavior involving fireworks, they will promptly investigate and take appropriate action to protect the community.

## Village Offices Closed for Independence Day

In observance of Independence Day, all Village offices will be closed on Friday, July 4th, 2025. We encourage residents to enjoy the holiday safely and celebrate this special day with family and friends. Regular office hours will resume on the following business day.

# Finance

The development of the Fiscal Year 2026 annual budget is well underway as the Village Manager, Finance Director and Department Directors work collaboratively to create a financial plan that aligns with the Village's strategic priorities and needs of the community. This annual process ensures transparency, fiscal responsibility, and alignment with long-term goals.

A key milestone in this process is the upcoming Budget Workshop scheduled for July 10, 2025 at 6:30pm. During this session, Village staff and the Council will review preliminary budget projections, departmental funding requests, and capital improvement priorities.

Following the workshop, the tentative adoption of the millage rate is slated for July 17, 2025. Establishing the proposed property tax rate is a pivotal step that shapes the overall revenue outlook and influences resource allocation within the budget.

The final phase will include two public hearings: the first on September 11, 2025, offering residents a chance to provide feedback on the proposed budget and millage rate, and the second on September 18, 2025, where the budget will be finalized for adoption.
