CHAPTER 1: HUMAN RESOURCES POLICIES AND PROCEDURES

1-1. Purpose

The general purpose of these policies is to provide a comprehensive guideline for human resources administration for the Village of Royal Palm Beach which efficiently and effectively delivers services to employees and taxpayers. These policies may change with or without further notice, and they are not to be interpreted as a restriction on any inherent right of the Village. They are also not to be construed as a contract or in any way as creating any expectations or property interest.

1-2. Declaration of Policy

The Village Council and Administration declare the following principles to constitute the human resources policies of the Village of Royal Palm Beach.

- A. Employment in the Village government shall be based on merit and qualifications free of personal and political consideration.
- B. Just and equitable incentives and conditions shall be established and maintained in order to promote efficiency and economy in the operation of the municipal government.
- C. An effort will be made to classify positions with similar duties and responsibilities on a uniform basis.
- D. Appointments, promotions, and other personnel actions will occur upon approval of the Village Manager.
- E. Every effort shall be made to stimulate high morale by administration of policies with appropriate consideration of the rights and interests of the public and the Village.

1-3. Power of Appointment

The Village Manager shall appoint, and when necessary, promote, demote, remove, discipline or otherwise impact the employment of all Village employees and appointed administrative officers.

1-4. At-Will Employment

Employment with the Village of Royal Palm Beach is at-will. The employee may resign at any time, and the Village may terminate the employee at any time with or without cause. This at-will employment relationship cannot be changed orally or by any conduct, unless such change is specifically acknowledged in writing by the Village Manager. Employees shall not rely upon any representation, whether orally or in writing, contrary to the fact that employment is at will, unless otherwise specified by law or collective bargaining agreement. Benefits, policies, and all other matters may be changed with or without notice, with the exception of matters for which the impact must be negotiated with the bargaining units.

1-5. Approval of Policies

These policies shall be enforced and effective when approved by the Village Council and may only be modified by the Village Manager or Village Council.

1-6. Additional Rules & Regulations

Additional rules and regulations may be established by the departments and/or by Administrative Orders that are consistent with these policies and which have been approved by the Village Manager.

1-7. Applicability

This policy will apply to all personnel employed by the Village of Royal Palm Beach, except that in any conflict between the terms of a collective bargaining agreement and this policy, the collective bargaining agreement will control.

CHAPTER 2: PAY PLAN

This chapter and its subparts apply to all employees.

2-1. Establishment

- A. The Village Council of the Village of Royal Palm Beach shall periodically adopt by Resolution, a pay plan. This plan may subsequently be amended by Resolution or budget appropriation.
- B. The pay plan and associated salary structure has been created only for those employees who are not covered by a collective bargaining agreement. The comprehensive pay plan salary schedule is available from either Human Resources or the Finance Department, which contains the salary ranges for those positions of employment by the Village. This pay plan is applicable to all classes of non-collective bargaining positions, except that of Village Manager.

2-2. Management

The Village Manager or designee shall be responsible for implementing and managing the pay plan.

2-3. Maintenance

- A. The Village Manager or designee shall occasionally conduct such comparative studies as deemed necessary on the factors affecting pay ranges prior to the preparation of the annual budget. On the basis of information derived from such studies, the Village Manager may recommend to the Village Council such changes necessary to maintain the adequacy and fairness of the salary structure, and to be consistent with community standards.
- B. The Village Manager may re-classify positions within the established pay grades based upon adjustments in job responsibilities and job value of the new classifications.
- C. Other miscellaneous benefits may be provided to employees in order to provide for the effective administration of Village affairs, as solely determined by the Village Manager. Other miscellaneous benefits may also be provided pursuant the Village Manager's power and duties as set forth in Village Code Sec 2-2 in order to provide for the most cost effective and efficient administration of Village's business affairs.

2-4. Minimum Rate

The pay grade and minimum step allocated to a classification takes into account the necessary experience and qualifications. On occasion, for highly skilled, technical, or managerial positions it may be necessary to hire above the minimum rate in the range. A recommendation to hire above the minimum rate in the range shall be documented by the department head and approved by the Village Manager. The amount shall not exceed 25% above the minimum rate in the range.

Part time, temporary, and contract to hire positions can be hired at any step in the appropriate grade by Village Manager approval. Candidates hired for temporary camp positions for the Village's summer camp program, will be hired at the minimum of the pay range with the exception of individuals who are returning staff from a previous summer camp program. Returning camp employees will receive 2% (move two (2) steps) for each year after the first year they worked to a maximum of step 40. For example, a returning summer camp position who is returning for the third year would start at step 5. First year of hire starts at step 1, second year returning starts at step 3, and third year returning would start at step 5, etc.

2-5. Compensation Plan

- A. Pay Range – Each pay grade has 40 steps. Each step is an increment of 1% compounded.
- B. Prospectively, any employee whose salary meets the maximum pay rate (step 40) will only receive a COLA (cost of living adjustment) increase.
- C. Employee performance evaluations could result in a merit adjustment of 0% - 5% for all non-temporary employees. Any merit adjustment will be effective October 1st of each fiscal year. The merit adjustment will apply only to those employees who have been employed a minimum of six (6) continuous months as of September 30th of the prior fiscal year.

D. Lump Sum Merit Bonus

Should an employee receive an overall rating score on their Performance Evaluation which would indicate a merit increase that would place their step above the 40 step maximum grade, the employee will receive the difference of merit above step 40 in a Lump Sum Bonus. Bonus will not be added to the base salary.

Example: If an employee is 2% away from the maximum of their pay range and their performance review indicates they should receive a 3% increase, then the following will occur. They will receive a 2% increase, which increases their pay to the 40 step maximum. They will also receive the other 1% as a lump sum bonus, paid out in the first payroll in January of that fiscal year, but will not be added to the base salary.

E. Automobile Allowance & Use

1. The Mayor and Council are paid a monthly stipend for using their cars for business purposes. The Village Manager shall be authorized to increase that amount to reflect current economic conditions subject to the annual budget approval. This money is taxable income, and is treated as such. Mileage reimbursement for Mayor and Council is limited for when using a personal vehicle for business purposes and the destination is located outside the tri-county area; Broward, Palm Beach, and Martin County.
2. For Department Heads, mileage incurred as a result of using a non-Village owned vehicle for work related purposes, which falls outside of expenses

documented on the “Travel Expense Reconciliation form”, is eligible for reimbursement. The Village shall reimburse at the current IRS rate per mile as indicated on the www.irs.gov website. Reimbursements are all inclusive of any expense incurred, therefore no additional funds will be given for any other vehicle expenses. Reimbursements for tolls incurred while conducting business related matters are to be submitted separately with receipts.

3. Eligible mileage is defined as, mileage driven to a destination to conduct business related matters or for a business related purpose. Mileage shall not include the normal commute between an employee’s home or residence and work, and does not include personal errands. Mileage to an alternate work location when leaving from home, or driving home from an alternate work location, shall have the normal mileage driven to work or home deducted from the total miles driven that are submitted for reimbursement. Shared rides by multiple department heads shall be submitted for reimbursement by only one department head.
4. All Department Heads shall document eligible travel using the Finance Department’s “Monthly Mileage Report” form and submit the form monthly for processing.

F. Cell Phone Allowance

Monthly cell phone stipends are given to certain employees. The stipend is for the purchase, use and costs related to the cell phone. Employees issued a stipend may use their cell phones for personal use. However, use of the phone in any manner contrary to Village policy or local, state or Federal laws will constitute misuse and will result in immediate termination of the cell phone service stipend. Employees given a cell phone stipend must be able to produce a copy of their phone bills if a public record is requested. Additionally, the Village discourages official Village business being done via texting. Text messages are considered public record, and as such, you may be asked to produce your text messages pursuant to a request. The Village is not responsible for any cell phone contracts or fees associated with employee’s cell phones unless an employee no longer is required to have a cellular phone, and incurs a fee to cancel the service. In this case, the Village will reimburse such costs given the proper documentation.

2-6. Job Postings/Employment

- A. In circumstances where a vacancy or newly created position will be filled by someone other than a current Village employee, such position shall be advertised publicly. Advertisements shall include job title, salary, department, minimum requirements, work schedule and application deadline. Such advertisements shall be posted on the Village website. Applications for Employment shall only be accepted for vacancies. It is the applicant’s responsibility to thoroughly and accurately complete the online application which is available on the internet at www.royalpalmbeachfl.gov. Resumes submitted without completing an online Village employment application will not be accepted as a job application. Online applications are required; resumes are optional. No unsolicited resume and/or application will be considered. Applicants must possess the necessary

qualifications and abilities to perform the job for which they are applying for at the time of application unless otherwise noted in the job description (i.e. licensing requirements).

- B. In order to develop career opportunities for Village employees, it is the Village's policy to fill job vacancies by promotion from within whenever appropriate and in the Village's best interest. For positions only open to current employees, the Human Resources Department shall post the opening online visible only to current employees for at least five (5) working days. Employees are directed to apply for the internal posting using the online application system.
- C. The Human Resources Department shall forward applicants who meet the minimum job qualifications to the department filling the position. Applicants who are clearly overqualified may be declined an interview. The department head shall coordinate job interviews, selection and hiring with the Human Resources Department. Prior to all job interviews, questions will be reviewed and approved by the Human Resource Department.
- D. The Human Resource Department will arrange for criminal background, fingerprinting, DMV, sexual offender, credit, social security, and other checks such as E-Verify or as required by statute or policy to be completed on applicants who have successfully interviewed and meet the minimum requirements. Upon completion of the various background checks, departments will be told if the applicant can move forward in the hiring process. In accordance with the Fair Credit Reporting Act, applicants not hired are entitled to know if employment is denied because of information obtained by the Village from a Consumer Reporting Agency. Such applicant shall be provided information about the report including the name of the agency or sources of information and scope of the investigation. Applicants not hired shall be notified by the Human Resources Department.
- E. Applicants should never be offered or be made any promise of employment without approval from the Human Resource Department. Any job offer extended to an applicant may be conditioned upon the successful completion of a pre-employment physical examination and in some cases, a drug screen. The Human Resource Department will arrange for both the physical and if needed, the pre-employment drug test.
- F. Upon approval from the Human Resource Department, applicants may be contacted and a start date agreed upon. Departments are responsible for coordinating the new hire orientation with the Human Resource Department. No employee can start work until a new hire orientation is completed on the first day of employment.
- G. Current employees selected for another job must be released from their current position within two (2) weeks from the date of selection, unless a different time period is mutually agreed upon by the current and requesting departments.
- H. People who are applying to Volunteer in one of our facilities, must fill out a Volunteer application. The HR Office will run a background check and may require a drug test. The HR office will inform the department if the Volunteer is a suitable candidate. All Volunteers must sign a waiver of liability form. Volunteers cannot be ex-employees who were terminated for cause or involuntarily resigned. Furthermore, the Village reserves

the right to place Volunteers in the department where the Village feels the Volunteer will be best utilized.

2-7. Changes in Pay Grade or Position

- A. An employee promoted to a position with a higher pay grade will receive the starting rate of pay for the new promoted position, or a 5% increase, whichever is greater and feasible within the current approved pay grade table, unless the Village Manager determines that a higher pay level is appropriate. Accordingly, the Village Manager may authorize a pay increase of up to 20%, but not to exceed 25% into the pay range. The promoted employee will be on probation for the first 90 days. During the probationary period, the employee may be returned to their prior position provided the position is still vacant. If it is decided that the employee is to return to their former position during the probationary period, they will receive their previous salary. All promotions require prior approval of the Village Manager.
- B. An employee who requests a voluntary or receives an involuntary transfer to another position in the same pay grade shall remain at the same rate of pay. All transfers require prior approval of the Village Manager. The transferred employee will be on probation for the first ninety (90) days, and may be returned to their prior position if necessary.
- C. Should an employee voluntarily request and be granted a transfer to an open position in a lower classification/pay grade, their pay will be changed to the step in the new grade closest to their current pay without exceeding their current rate. The employee will be advised in writing of the rate of pay for the new position before accepting it.

2-8. Demotion

An employee who is demoted for disciplinary reasons will be assigned to the same step in the new (lower) classification as the employee's former classification before the demotion. If an employee is above the maximum of the range of the lower classification, the employee will have their pay reduced to the maximum of the lower classification. All demotions require prior approval of the Village Manager.

2-9. Temporary Assignments/Transfers

See Chapter 9, Section 9-2 (Temporary Job Classification).

2-10. Wages

- A. Employees assigned to directly supervise inmate labor will receive a 10% base rate wage increase for all hours actually spent on such duties.
- B. Code Enforcement Inspectors (CEI's) will receive the starting wage rate for the new position or a 5% increase in their base pay upon completion of the Florida Association of Code Enforcement (FACE) certification. No more than one certification can be completed in any given Fiscal Year. There will be four (4) different levels of Code

Enforcement Inspectors. Level I certification must be obtained within one (1) year of start date as a CEI Trainee or the employee will be terminated.

- C. Inspector/Plan Reviewers are encouraged to be cross licensed in both inspection and plan review. Employees in these positions are eligible to receive additional certification pay once they meet a minimum two (2) certification criteria. Pursuant to the needs of the department, employees are eligible to receive two (2) additional certifications each fiscal year. For each additional certification above the minimum two (2), in either plan review or inspection in one of the four trades, employee will receive starting the first payroll of the month following the state issuance of their certification, \$50.00 per pay period per certification, not to exceed a total of \$1,300 per certification in each fiscal year. Additional certs will be limited to six (6) within the four trades. Certification pay is not retroactive to the start of a fiscal year when certs are received mid fiscal year.

CHAPTER 3: PERFORMANCE EVALUATIONS

3-1. Purpose

The performance evaluation assists an employee in understanding how they are performing. The evaluation also serves as a tool for employees to set goals with their supervisors, and to review progress in job performance toward those goals. The overall purpose of the evaluation is to maintain or improve the high quality level of work performance of Village employees. It is the Village's policy to recognize and reward meritorious performance based on the employee's performance evaluation which could result in a 0% to 5% increase in pay, as set forth in Chapter 2, Section 2-5 (Compensation Plan).

3-2. Probationary Employees

The probationary period is one year from the date of employment. An employee who attains a satisfactory evaluation after one (1) year of service will be considered a non-probationary employee. In the event of an interruption of service or for other purposes, a probationary employee's evaluation may be extended by approval of the Village Manager.

3-3. Non-Probationary Employees

An effort will be made to evaluate employees annually, or at such intervals as the Village Manager deems necessary and/or appropriate. Department heads and supervisors are encouraged to provide performance related feedback to employees throughout the year. An unsatisfactory evaluation may result in a 90-day probation period in which a performance improvement plan shall be written by the supervisor with the employee effective the date of the performance review. At the end of the 90-day review period, the employee will be evaluated for performance improvement only, and will not be eligible for any merit raise until the next annual performance evaluation. Failure to improve after this probationary period may result in termination of employment.

3-4. Non Eligible Employees

Non temporary employees hired after April 1st are not eligible for a merit pay increase. The employee's manager may still opt to give the employee a performance review. The manager should explain to the employee that the review will have no bearing on pay for the upcoming fiscal year, rather the review is given to them to provide feedback.

3-5. Below Expectation Rating

Only overall ratings that are "Below Expectation" rating, 0 – 1.9, may have access to the grievance procedure for appeal.

CHAPTER 4: LENGTH OF SERVICE AWARDS

4-1. Purpose

The Village of Royal Palm Beach values its employees, and the importance of publicly recognizing employees for length of service milestones throughout their employment. Our program is intended to recognize employees' continuous length of service at intervals of their first (1st) year, fifth (5th), tenth (10th) year and for intervals of five years thereafter. A year is defined as a calendar year from the employee's date of hire.

4-2. Eligibility

4-3. Presentation and Event

For five (5), ten (10), fifteen (15), twenty (20), twenty-five (25), and thirty (30), etc. years of completion, the employee will pick an award from a brochure within the appropriate section. The employee's Department Head or designee will plan and coordinate ceremonies for awards.

CHAPTER 5: HOLIDAYS

5-1. Holidays

- A. The Village will observe the holidays listed below. For the purpose of this policy, the term “holiday” shall mean either the observed day or the actual day pursuant to the following conditions of employment.

New Year’s Day, January 1st	Martin Luther King, Jr.’s Day	President’s Day
Memorial Day	Juneteenth	Independence Day
Labor Day	Columbus Day	Veterans Day
Thanksgiving Day & Day After	Christmas Eve & Christmas Day	

- B. For all permanent, full time employees who are regularly scheduled to work a Monday – Friday schedule with Saturday and Sunday off, when a holiday falls on Saturday, the previous Friday will be observed, and if the holiday falls on Sunday, the following Monday will be observed. Additionally, the Village will observe the following schedule specifically for Christmas Eve and Christmas Day:

<u>Christmas Eve (actual)</u>	<u>Christmas Day (actual)</u>	<u>Observed as:</u>
Friday	Saturday	Thursday and Friday
Saturday	Sunday	Friday and Monday
Sunday	Monday	Monday and Tuesday

- C. For all permanent, full time employees who regularly work a schedule other than Monday – Friday, holidays will be observed and paid on the actual day of the holiday.

5-2. Eligibility

- A. To be eligible to receive holiday pay, a non-exempt employee must be in a paid status for the entire assigned shift before the holiday and the entire assigned shift after the holiday. For the purposes of this section, an entire assigned shift is defined as a minimum of seven (7) hours, not to include unpaid meal times.
- B. When it is necessary to maintain regular services requiring an employee to work on an official holiday, such employee shall be compensated by receiving eight (8) hours of pay for the holiday, plus pay for the number of hours actually worked. Any actual hours worked on a holiday will be added to the eight (8) hours for purposes of computing overtime. Employees scheduled to work on a holiday, but do not report to work, will not be able to substitute non-preapproved leave for the scheduled holiday work shift. The scheduled shift will be forfeited.
- C. In the event that an official holiday is observed during an employee’s pre-approved personal leave, it shall not be charged against personal leave. Employees whose day off is on the Village’s observed holiday will receive eight (8) hours of work time to be added into hours worked for the purpose of computing overtime.

CHAPTER 6: LEAVE TIME

6-1. Leave Time Definitions

A. Personal Leave Time (PLT)

Time accrued according to the schedule in section 6-2. PLT provides each fulltime permanent employee with discretionary time off for any personal needs including illness or injury without any obligation to provide a doctor's excuse or to remain at home. PLT shall be coded in the following manner:

1. Pre-Approved Personal Leave Time (PL) – Personal leave time requested and approved at least 24 hours in advance. PL hours are counted as hours worked in the computation of overtime.
2. Non-Pre-Approved Personal Leave Time (UP) – Personal leave time requested and approved less than 24 hours in advance and more than ½ hour before scheduled start time, or after reporting to work. UP hours do not count as hours worked in the computation of overtime.

B. ALT Time (ALT) – Annual Leave Time

1. ALT is given to all permanent fulltime employees the first payroll in January or at the time of hire based on a pay period accrual for the remainder of the calendar year. The amount of ALT is determined by the Village Manager.
2. ALT is used when a time off request has been submitted less than 24 hours in advance and more than ½ hour before scheduled start time, or after reporting to work.
3. ALT shall be used and fully exhausted prior to UP time being utilized.
4. Any remaining ALT time through the last day of the calendar year, December 31st, will be paid out at an employee's current rate of pay in the first paycheck of each January. Employees who separate employment and have unused ALT time will be paid out any remaining ALT to them in their last paycheck.
5. Employees will have the option to roll any remaining ALT time to their accrued Personal Leave Time instead of having it paid to them in January. Requests to have time rolled must be from the employee, in writing, and must be submitted to Payroll/Benefits or Human Resources no later than December 31st close of business at 5 p.m..

C. Unexcused Leave (UX)

Leave requested outside of the definitions above. Requesting leave while not having sufficient amount of time available in the PLT or ALT bank at the time of leave being used. Pay will be forfeited for the scheduled time not worked. Employee will be subject to disciplinary action.

6-2. Accrual Rates

Personal Leave Time (PLT) rate of accrual is according to years of service using the full time date of hire. Employees must be in an active employed status to accrue leave.

Years of Service	Hours Accrued Per Pay Period	# of 8 hour day equivalent (Total Hours per 26 payrolls)
0 - completion of 5 th year	5.539	18 (144 hours)
Beginning of 6 th year – completion of 10 th	7.077	23 (184 hours)
Beginning of 11 th year +	8.616	28 (224 hours)

Any time an employee is out of work on paid leave, the employee will accrue all regular benefits, which includes personal leave time, retirement and healthcare benefits. Workers' compensation will be treated as paid leave. Employees on approved unpaid leave of up to ninety (90) calendar days shall also accrue all regular benefits.

6-3. Usage of Leave Time

- A. Pre-Approved Personal Leave (PL), Non Pre- Approved Personal Leave (UP), and ALT may be taken in minimum increments of 15 minutes. In the event two or more employees request leave for the same date(s), and have requested the leave at the same time, seniority will prevail. The Village reserves the right to cancel any approved leave when it is deemed in the Village's best interest.
- B. Exempt employees must request time off when absent from work for two (2) or more hours. Exempt employees are given the ability to have flexibility within the work week, however, this flexibility does not relieve them of the responsibility of working a full time schedule.
- C. Employees who are a no call/no show forfeit pay for the entire day. Time will be UX and the employee subject to disciplinary action. If an employee does not call at least thirty (30) minutes before the start of their shift, they will be UX for a minimum of thirty (30) minutes or UX up until the time they called out, whichever one is greater.
- D. Employees may accrue a fiscal maximum of 40 personal leave time (PLT) days (320 hours) and carry them over from year to year. During the course of the year, the maximum 320 hours may be exceeded; however hours in excess of 320 hours must be used by the last day of the second payroll in January or be forfeited. If an employee has more than 320 hours on the last day of the second payroll in January due to the Village requiring a change in vacation plans, then the employee shall use the hours requested within the next 90 days. Such exceptions require Village Manager written approval.
- E. Employees may request PLT or ALT as soon as it has accrued. PLT will be paid out to an employee at their current rate of pay when their employment is terminated for any reason.
- F. Any unauthorized absence or absence without leave time will be without pay and the employee may be subject to disciplinary action up to and including discharge.

Employees who are absent from work for three (3) consecutive work days and have not called in, applied for leave, or have not notified their supervisor of their status will be considered to have abandoned their job and will be terminated. Notification of such termination will be sent via email, certified mail, or regular US Mail.

- G. Employees who are absent from work for six (6) months (26 weeks) in any rolling twelve month period shall be terminated. Extensions may be requested in writing via the Department Head or HR Department to the Village Manager, and will be considered on a case by case basis.

6-4. Disability/Accident/Illness Leave

A. Short Term Disability

After an employee meets the requirements to be eligible for Family Medical Leave and has been out of work due to illness or off-the-job injury for 160 consecutive regularly scheduled hours of work, the employee may apply for short term disability (STD) which would provide up to 22 additional weeks (880 hours) of salary continuation at 75% of the employee's regular rate of pay.

- B. An employee with accrued personal leave time, ALT, or comp time may use it to supplement the disability payments so as to receive 100% of their regular salary.
- C. The Village retains the right to have the employee examined by a physician at the Village's expense to ascertain the need for disability leave, an employee's fitness for duty, and or any appropriate work duty restrictions. If the Village selected physician disagrees with the employee's physician, these physicians will select a qualified third physician who will render a final determination as to whether the employee is disabled.
- D. Separate leaves within a six (6) month period from the previous date of return for the same illness or injury will be considered one leave for the purpose of the continuation of benefits under Short Term Disability.

E. Long Term Disability

The Village will provide at no cost to the employee a long term disability policy that shall provide minimum coverage of at least 60%, or the maximum provided for in the policy, of the employee's salary (integrated with worker's compensation and/or social security benefits) to begin after an elimination period of 180 days has been satisfied. Employees who return to work and request disability leave for the same illness/injury within six (6) months from the previous date of return will receive credit toward the 180 day elimination period.

- F. Employees returning to work from short term disability or absence due to illness or injury under worker's compensation are required to provide their supervisor with a copy of a release to return to work at full duty, or light duty if it can be accommodated, from the treating physician. The release is to be forwarded to Human Resources Department.
- G. Employees injured on the job, who are unable to return to work on the day of injury,

shall be paid for that day. Employees absent from work as a result of a compensable on the job injury will be entitled to workers' compensation benefits; however, the Village will not supplement those benefits except as noted below. Employees with accrued personal leave time, ALT, or comp time may use it to supplement worker's compensation benefits to receive up to 100% of their salary.

- H. When an employee uses personal leave time, comp time, or ACT for three or more consecutive work shifts and the leave is medically related, the employee may be required to bring in a doctor's note clearing them for return to work, and they may be subject to the provisions under Chapter 19 (Medical Examination). Employees requiring Family Medical Leave paperwork may request the paperwork as provided in Section 6-5.
- I. While leave time may be used in any manner so long as the employee stays within the guidelines outlined in Section 6-1, patterned absenteeism may lead to disciplinary action. Excessive use of non-pre-approved time, (UP), will be taken into consideration during the performance review process and is discouraged.

6-5. Compassionate Leave

In the event of the death of an immediate member of the family (parents, siblings, children, spouse, step-parents, step-children, mother-in-law and father-in-law, grandparents, spouse's grandparents, grandchild, son-in-law, daughter-in-law, guardian), a full-time employee will be entitled to three paid (3) compassionate leave days immediately following the death to attend the funeral. Five (5) paid days shall be granted if the employee is in attendance at the funeral and such funeral is held outside the State of Florida. All days referred to herein shall be eight (8) hours. Proof of death and or attendance at the funeral may be required.

6-6. Jury and Witness Duty

- A. Leave with pay shall be authorized for full-time permanent employees in the Village who may be required to perform jury duty. Employees must return to the Village all compensation, less expenses, paid by the court. Further, when an employee is released from jury duty with at least three (3) hours remaining on their regularly scheduled work day, the employee shall return to work and report to their supervisor. Upon returning to work, the employee must present a note from the court showing dates and times the employee was absent from work to serve as a witness or juror.
- B. Employees who work the evening or midnight shifts who are called to jury duty shall have at least eight (8) hours between the end of jury duty and the beginning of their regularly scheduled shift or from the end of their regularly scheduled shift and the reporting time for jury duty. Should there be less than eight (8) hours the employee shall be relieved, with pay, from that portion of their shift so as to give the employee eight (8) hours rest.
- C. Employees subpoenaed to testify in court proceedings for Village related actions shall be given leave with pay for the time needed to honor the subpoena.

6-7. Unpaid Leave of Absence (Non-FMLA Related)

- A. Employees may request, in writing, a leave of absence without pay for up to six (6) months. Such requests must be submitted through your Supervisor and or Department Head, and be addressed to the Village Manager for approval.
- B. All available personal leave except personal leave already scheduled and approved, must be exhausted prior to use of any approved leave without pay unless written approval is received from the Village Manager.
- C. The decision to grant leave without pay (Leave of Absence) is a matter of administrative discretion. The Village Manager will consider each request and determine each case on its own merits.
- D. Employees granted leave of absence must inform their Department Head every six (6) weeks regarding the status of their current activity (school, medical, military, etc.) In addition, they must keep their Department Head advised of their current address and phone number at all times. After 90 days of unpaid leave, employees must pay the full cost of health benefits.
- E. Employees granted a leave of absence and who wish to return before the leave period has expired may do so only upon approval of the Village Manager.
- F. Employees granted a leave of absence shall, upon termination and/or expiration of the leave, return to the job classification, grade and step held at the time leave began.
- G. Leaves which fall under the Family and Medical Leave Act will be treated accordingly.

6-8. Family and Medical Leave

This policy is designed to give employees notice of their basic rights under the Family and Medical Leave Act of 1993 (FMLA), as amended from time to time. However, employees may have additional rights and obligations pursuant to that Act which will be explained to them upon taking leave under this policy, or upon request. Employees requesting FMLA leave should contact the Human Resources Department to receive information and complete the appropriate forms, and inform their direct Supervisor and or Department Head of their request. Forms are available online at:

- A. An employee who has (1) worked for at least twelve months for the Village, (or a total of 52 weeks whether or not continuously); (2) at least 1,250 hours of service with the Village during the 12 months preceding the leave, may request up to 12 weeks of unpaid leave within a rolling 12 month period under the following circumstances (NOTE: Certain highly paid employees may not be entitled to all leave benefits provided under this policy):
 - 1. For incapacity due to pregnancy, prenatal medical care or for a serious health condition following child birth;

2. To care for the employee's child after birth, or placement for adoption or foster care;
3. To care for the employee's spouse, son, daughter, or parent who has a "serious health condition";
4. For a serious health condition that makes the employee unable to perform one or more of the essential requirement of the employee's job.
5. Because of a qualifying exigency as defined in Section 6-5, D.

The entitlement to leave for birth or adoption or foster care of a child, shall expire at the end of the 12 month period beginning on the date of such birth or placement. Leave time will be taken consecutively, not intermittently. Exceptions to this are decided by the Village Manager on a case by case basis. If spouses are both employed by the Village, aggregate leave for both spouses for birth, adoption, or foster care of a child, or to care for a parent (but not a spouse or a child) with a serious health condition shall not exceed 12 weeks within a rolling twelve month period. However, an employee is entitled to take the remainder of his or her own 12 week leave to care for a spouse or child with a serious health condition, or because of the employee's own serious illness.

For the purpose of this section, except as otherwise noted in the policy, "child" means a biological, adopted or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis (in place of a parent) and who is either under the age of eighteen (18) or, if older than the age of eighteen (18), is incapable of self-care because of a mental or physical disability. "Parent" means a biological, adoptive, step or foster parent or any other individual who stood in loco parentis (in place of a parent) to the employee when the employee was a child. Parent does not include parents "in law".

B. A "serious health condition" is defined as an injury, illness, impairment, or physical or mental condition that involves either:

1. Hospital Care: Inpatient care (i.e. an overnight stay) in a medical care facility, hospital, hospice, or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with or consequent to such inpatient care.
2. Absence Plus Treatment:
 - a. A period of incapacity of more than three consecutive calendar days (including any subsequent treatment or period of incapacity relating to the same condition) that also involves:
 - 1a. Treatment of at least two or more times within 30 days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care service (e.g. physical therapist) under orders of , or on referral by, a health care provider; or
 - 2a. Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition.

The requirement in paragraphs (B), (1) & (2) of this section for treatment by a health care provider means an in-person visit to a health care provider. The first (or only) in person treatment visit must take place within seven (7) days of the first day of incapacity.

3. Pregnancy: Any period of incapacity due to pregnancy, prenatal care, or for a serious health condition following child birth.

4. Chronic Conditions Requiring Treatments:

- a. Requires periodic visits, at least two visits per year, for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;
- b. Continues over an extended period of time (including recurring episodes of a single underlying condition); and
- c. May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)

5. Permanent/Long Term Conditions Requiring Supervision:

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provide. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.

6. Multiple Treatment (Non-Chronic Conditions):

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity or more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, and kidney disease.

7. The FMLA definitions of "serious injury or illness" for current service members and veterans are distinct from the FMLA definition of "serious health condition". See Section 6-5, C.

C. Care for Service Members: FMLA now provides for leave for up to 26 workweeks in a single 12 month period for an employee who is the spouse, son, daughter, parent or next of kin to care for a covered service member. A covered service member is: (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness, or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness. "Next of Kin" of a military member means the nearest blood relative other than the service member's spouse, parent or child, in the following order of priority (unless the service member has

specifically designated in writing another blood relative as his nearest blood relative for purposes of military caregiver): 1) blood relatives who have been granted legal custody of the service member, 2) brothers and sisters, 3) grandparents, 4) aunts and uncles and 5) first cousins.

A serious injury or illness for a covered service member means an injury or illness incurred by a covered service member in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank or rating. Is it also to include injuries or illnesses that existed before the beginning of the member's active duty and were aggravated by service in the line of duty on active duty in the Armed Forces. A serious injury or illness for a covered veteran means an injury or illness that was incurred or aggravated by the member in the line of duty on active duty in the Armed Forces and manifested itself before or after the member became a veteran, and is:

1. A continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the service member unable to perform the duties of the service member's office, grade, rank or rating; OR
2. A physical or mental condition for which the covered veteran has received a VA Service Related Disability Rating (VASRD) of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for caregiver leave; OR
3. A physical or mental condition that substantially impairs the veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service or would do so absent treatment; OR
4. An injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

If two related employees work for the Village, the combined leave shall not exceed twenty-six (26) weeks of leave during the single twelve (12) month period.

- D. Qualifying Exigency: FMLA will also provide leave for up to 12 work weeks because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the eligible employee is a member of the National Guard and Reserves, and the Regular Armed Forces, and has been notified of an impending call to order to covered active duty in the Armed Forces in support of a contingency operation and deployment to a foreign country. The Department of Labor defines qualifying exigency by referring to a number of broad categories for which employees can use FMLA leave: 1) Short notice deployment; 2) Military events and related activities; 3) Childcare and school activities; 4) Financial and Legal arrangements; 5) Counseling; 6) Rest and recuperation; 7) Post-deployment activities; 8) Parental Care; and 9) Additional activities not encompassed in the other categories, but agreed to by the employer and employee.
- E. Employees who request qualifying exigency leave to spend time with a military family member on Rest and Recuperation leave, may take up to fifteen (15) calendar days.
- F. An employee must utilize all accrued personal leave for leave granted under the Act

for an employee's own serious health condition. Once leave has been exhausted, the remainder of the FMLA leave will be unpaid.

- G. An employee must utilize all accrued personal leave for leave granted under the Act for a birth, adoption, or placement of a foster child, or to care for the spouse, son, daughter, or parent of an employee, if the family member has a “serious health condition”, or for any leave associated with military or airline flight crew reasons. After all personal leave is utilized, the remainder of the FMLA leave will be unpaid.
- H. Employees must give 30 days notice of their intent to take leave for foreseeable events. When circumstances require a leave to begin in less than 30 days, the employee must give as much notice as is practicable. Once an employee has been given the Medical Certification Form, for any of the aforementioned qualifying reasons, the employee has 15 calendar days to complete the form and return it to the HR Dept. If the form is not completed within the allotted time frame, FMLA can be denied, and the employee may be subject to disciplinary action up to and including termination. The Village will require that leave based upon a qualifying exigency also be supported by a certification and supporting documentation, including a copy of the military member’s active duty orders or other similar documentation.
- I. Certification issued by a health care provider is required to support an employee's request for leave due to a serious health condition or qualifying exigency, or Military Caregiver Leave. The employee shall provide in a timely manner, a copy of such certification to the Village. Sufficient certification shall include a statement of:
 - 1. The date on which the serious health condition commenced; or a copy of the military member’s Rest and Recuperation leave orders, or other documentation issued by the military setting for the dates of military member’s leave.
 - 2. Its probable duration;
 - 3. The appropriate medical facts within the knowledge of the health care provider regarding the condition;
 - 4. An assertion that the employee is unable to perform the functions of the position of the employee, or that the employee is needed to care for the family member and an estimate of the amount of time that the employee is needed to care for the family member.
 - 5. Certification of Military Caregiver Leave is expanded to include additional information as outlined in 29 CFR §825.310 and as amended.

A second and third medical opinion from a Village designated health care provider concerning the information provided in the medical certification may be required by the Village, at the Village’s expense. When the second opinion differs from the original certification, the Village may require a third health care provider opinion jointly selected by the Village and the employee at the Village’s expense. The third opinion is final and binding on both parties.

- J. When an employee requests a reduced schedule leave or intermittent leave, the Village must track intermittent FMLA leave using the smallest increment of time used for tracking other forms of leave, but at the very least the increments of time cannot be larger than one hour. Additionally, only the time actually taken as FMLA leave can be

counted against the employee's leave entitlement. The following is required:

1. In the case of planned medical treatment, a health care provider certification must also include the dates on which treatment is expected and the duration of the treatment;
 2. If an employee takes leave due to his or her serious medical condition, certification must also include a statement of the medical necessity for such intermittent or reduced leave schedule and the expected duration of the intermittent or reduced leave schedule;
 3. If an employee requests leave to care for a sick family member, the certification must also include a statement that such intermittent or reduced leave schedule is necessary for the care of the family member who has a serious health condition or will assist in their recovery, and the expected duration and schedule of the intermittent or reduced leave schedule.
- K. If the leave was based on the employee's own serious health condition, a fitness for duty certification from the employee's health care provider is required. The certification must show that the employee is able to safely resume performing all the essential functions of his or her position. Nothing in this paragraph shall supersede a valid state, federal, local law or a collective bargaining agreement that governs the return to work of such employee.
- L. During unpaid leave, the employee shall accrue all regular benefits. Employment benefits to which an employee may be entitled on the day family and medical leave of absence begins will not be lost because of such leave. Upon return from FMLA leave, employees are entitled to any changes in benefits not dependent on seniority or accrual during the leave.
- M. The Village will continue to pay the employee's health insurance premium, however the employee is responsible for continuing to pay any share of health premiums during FMLA leave. Failure to do so may result in loss of coverage. If the employee does not return to work after the expiration of the leave, he/she will be required to reimburse the Village for payment of health insurance premiums during the family leave, unless:
1. The employee does not return because of the presence of a serious health condition which prevents him/her from performing the essential functions of the position;
 2. The employee is needed to care for a spouse, son, daughter, or parent with a serious health condition; or
 3. Because of circumstances beyond the control of the employee.

If the employee does not return because of a serious health condition, certification of a health care provider may be required in a timely manner in order to avoid being required to reimburse the Village for payment of health insurance premiums.

- N. In the case of unpaid leave for the birth or placement of a child, intermittent leave or working a reduced number of hours is not permitted unless approved by the Village Manager. In the case of unpaid leave for a serious health condition of the employee or the employee's family member, the leave may be taken intermittently or on a reduced

hours basis only if such leave is medically necessary.

If an employee requests intermittent or reduced schedule leave for a serious health condition of the employee or the employee's family member, the Village may require such employee to transfer temporarily to an available alternative position for which the employee is qualified, and that has equivalent pay and benefits, and that better accommodates recurring periods of leave than the regular employment position of the employee.

- O. On return from leave within the leave period, an employee shall be entitled to be restored to the position of employment held by the employee when leave commenced, or to be restored to an equivalent position with equivalent employment benefits, pay and other terms and conditions of employment.
- P. When leave is taken by an employee who is injured on the job, and the employee qualifies for FMLA, such leave will be designated as FMLA leave. The HR Dept will notify the employee via FMLA Form WH-381 "Notice of Eligibility and Rights & Responsibilities" and WH - 382, "Designation Notice".
- Q. Should an employee desire to moonlight and work at a secondary place of employment while the employee is on FMLA leave from the Village, the employee would need to make a written request to do so and receive written approval from the Village Manager.

6-9. Military Leave

A. Training

In accordance with Florida Statutes Chapter 115.07, military leaves of absences will be granted to those employees who are commissioned reserve officers, reserve enlisted personnel in the United States Military or Naval Service, or members of the National Guard without loss of pay, personal leave or time, on all days during which they are engaged in training. These leaves shall not exceed two hundred forty (240) working hours per calendar year (January 1 through December 31). The employee shall notify their department head and upon the basis of the orders from proper military authority, the Village Manager shall grant such leave. Leaves of absence for additional periods of time for such assignments shall be without pay, and shall be granted by the Village without loss of seniority.

B. Active Duty

In accordance with Florida Statutes Chapters 115.09 and 250.48, Village officers or employees who are members of a reserve component of the U.S. Armed Forces, the National Guard or Florida National Guard are entitled to leave of absence, without loss of pay or time on all days during which they are engaged in active duty for a period up to thirty (30) consecutive days. Thereafter, leave shall be without pay, and under section 115.14 of Florida Statutes, such employees may utilize accrued personal leave to bring their total salary, inclusive of their base military pay, to the level earned at the time they were called to active military duty. During such leave, the Village shall continue to provide all regular benefits.

An employee terminating active military service and returning from said leave shall be restored to the position of employment held when leave commenced, or restored to an equivalent position with equivalent pay, benefits and other conditions of employment.

C. USERRA – The Uniformed Services Employment and Reemployment Rights Act

USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service, reserves, or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services and applicants of the uniformed services.

1. Reemployment Rights: You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:
 - a. you ensure that your employer received advance written or verbal notice of your service;
 - b. you have five years or less of cumulative service in the uniformed services while with that particular employer;
 - c. you return to work or apply for reemployment according to the reemployment timetable pursuant to USERRA after conclusion of service; and
 - d. you have not been separated from service with a disqualifying discharge or under other than honorable conditions.

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

2. Health Insurance Protection: If you leave to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for you to 24 months while in the Military.
3. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting period or exclusions except for service connected illnesses or injuries.

6-10. Domestic Violence Leave

The Village has established the Domestic Violence Leave Policy in accordance with s.741.313, F.S. requiring that certain employers permit an employee to take leave from work to undertake activities resulting from an act of domestic violence or sexual abuse.

Employees must complete a minimum of three months of employment before being eligible to take off up to 3 days of leave in any 12 month period if the employee or a family or household member of an employee is the victim of domestic violence. Employees must exhaust all personal leave time before Domestic Violence Leave is granted as unpaid leave.

A. Domestic Violence Leave may be used for an employee to:

1. Seek an injunction for protection against domestic violence or an injunction for protection in cases of repeat violence, dating violence, or sexual violence;
2. Obtain medical care or mental health counseling, or both, for the employee or a family or household member to address physical or psychological injuries resulting from the act of domestic violence;
3. Obtain services from a victim-services organization, including, but not limited to, a domestic violence shelter or program or a rape crisis center as a result of the act of domestic violence;
4. Make the home secure from the perpetrator of the domestic violence or to seek new housing to escape the perpetrator;
5. Seek legal assistance in addressing issues arising from the act of domestic violence or to attend and prepare for court related proceedings arising from the act of domestic violence.

B. “Family or household member” may be defined as spouse, former spouse, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household member must be currently residing or have in the past resided together in the same single dwelling unit.

Except in cases of imminent danger to the health or safety of the employee or the employee’s family or household member, the employee must provide to Human Resources appropriate advance notice of the need for leave along with sufficient documentation of the act of domestic violence. This documentation may include copies of restraining orders, police reports, orders to appear in court, etc. When advance notice is not possible, due to the imminent danger to the health and safety of the employee, or a family or household member, the employee must inform the Village that the leave was taken pursuant to this policy and bring supporting documentation as soon as he or she returns to work.

The Village recognizes that confidentiality in matters relating to this type of leave is of utmost importance and every measure possible will be taken to maintain confidentiality.

CHAPTER 7: HOURS OF WORK

7-1. Hours

- A. The normal work week of seven (7) consecutive days, Thursday to Wednesday, for Village employees will consist of forty (40) hours or the equivalent regardless of shift duty. The actual days or shifts worked by an employee may vary by department and shall take into account the needs and best interests of the Village. No employee shall be scheduled to report for work for one (1) hour or less. The Village's official business days are Monday through Friday regardless of the actual days employees are scheduled to work.
- B. Training or study undertaken by employees at the Village's request and for the Village's benefit will be considered part of the employee's regular work hours.

C. Compensation

An employee will be compensated for the time actually worked during their scheduled workday hours. The rounding rules in Chapter 8, section 4 will apply when calculating hours.

D. Tardiness

Employees are considered to be tardy if they report to work more than 7 minutes after the start of their shift. Employees will not be compensated for the time missed due to tardiness and may be subject to disciplinary action. An employee will receive an educational verbal counseling the first two occurrences of being tardy. These educational verbal counselings will be documented in the Time and Attendance system. If within a rolling 12 month period, starting on the date of the first educational verbal counseling, the employee should have a third occurrence of tardiness, a written counseling form may be issued. A fourth occurrence in the rolling 12 month period may result in a written reprimand. Beyond a fourth occurrence, the employee may be subject to suspension and or termination.

E. Unauthorized Work

No employee shall work prior to or after their scheduled workday hours or during their meal break without prior authorization from their supervisor. The fact that an employee is compensated for time worked prior to or after their scheduled workday hours does not excuse that employee's failure to obtain prior authorization. Any employee who works prior to or after their scheduled workday hours without such authorization will be subject to disciplinary action, up to and including discharge, for each incident of unauthorized work.

- F. An employee's schedule may be altered for thirty (30) calendar days or less to accommodate the needs of the Village, including special projects. The Village will give as much notice as possible but not less than 72 hours.

- G. The Village may alter an employee's work schedule for more than thirty (30) calendar days provided the Village gives at least a seven (7) calendar day notice.
- H. There must be a minimum of eight (8) hours between an employee's completing of a shift and the beginning of a shift. No employee may work longer than 16 hours out of any 24 hour period. During a declared state of emergency or special circumstance, the Village Manager may suspend this policy.

7-2. Overtime

- A. Non-exempt employees will be entitled to overtime pay for hours worked, as defined below, in excess of forty (40) hours in the work week. Paid overtime will be compensated at one and one-half (1½) times the normal rate of pay.
- B. Employees may be required to work overtime. Failure to do so may result in discipline up to and including discharge. Any employee who works overtime without prior approval will be subject to disciplinary action, up to and including discharge, for each incident of unauthorized overtime.
- C. Overtime will be distributed as equally as possible within classifications and departments except where special skills, licenses, etc. may cause fluctuations in overtime distribution.
- D. For purposes of computing overtime or compensatory time, only hours actually worked shall be counted, with the exception of pre-approved personal leave, pre-approved comp time, paid holidays, call back hours, pre-assigned court or jury duty, and compassionate leave which shall be treated as time worked.

7-3. Compensatory Time

- A. All non-exempt employees will be permitted to accrue compensatory time up to a maximum of forty (40) hours. At no time under any conditions will they exceed 40 hours of accrued comp time on Village records. The payroll system will maintain recorded comp time.
- B. Compensatory time will be accrued on the same basis upon which overtime is paid (time and one-half an employee's regular rate of pay). Employees may request compensatory time in lieu of overtime, but the Village will make the final decision as to whether the employee receives compensatory time or overtime pay. At no time will the Village direct that employees accrue compensatory time as opposed to paid overtime. Exempt employees are compensated on a salary basis and do not receive overtime or compensatory time. Non-exempt employees who become exempt will have any banked compensatory time paid out to them within two weeks following their status change.

7-4. Travel Time

A. Overnight Stay

- 1. Driver of Vehicle: Only in cases where an employee is driving a vehicle to an overnight event, is all travel time compensable, including hours outside of the

normal work shift. Regular meal period time is not counted as time worked. For example, an employee drives on Sunday evening from 6 p.m. – 10 p.m. for a Monday seminar but stops for dinner for one hour. Three hours of time are compensable.

2. Passenger: Travel for a business related purpose as a passenger on an airplane, boat, train, bus or automobile, which requires an overnight stay, shall be paid if the travel time occurs during the employee's "regular working hours", even if it occurs during corresponding hours during non-working days. Regular meal period time is not counted as time worked. For example, an employee travels on Sunday from 2 - 4 p.m. for a Monday seminar. The employee's normal working hours are 7 a.m. - 4 p.m., therefore the 2 hours of travel time would be compensable versus, an evening flight from 7 p.m.- 9 p.m. is not compensable.
- B. Same day travel, which occurs outside normal working hours, for the purposes of training is not compensable.
 - C. Same day travel to a different location for reasons other than training is compensable if it occurs during or outside the normal working hours, but the employee's normal commuting time to work is to be deducted. Similarly, travel to and from an airport, bus or train station is not compensable as they are considered "home to work" time.
 - D. Travel time that crosses over from work to non-work hours or vice-versa, is compensable under the rules cited above.

7-5. Standby Pay/Call Back

- A. Non-Exempt employees required to maintain their availability during their off-duty hours shall be paid one and one half (1 ½) hours of straight time for each twenty-four (24) hour period or any part thereof. These hours shall not be included in hours counted for the calculation of overtime pay. Employees accepting this assignment are able to respond immediately and be on site within thirty (30) minutes of being notified. Employees are to refrain from being under the influence of any substance which may hinder their ability to drive, or perform the duties required of them while on standby. The twenty-four (24) hour period starts when the employee is required to maintain their availability and be available to respond to calls.
- B. Employees assigned to standby must respond when called. Employees who are unable to fulfill assigned standby pay obligations at any time or for any reason must notify their immediate supervisor to transfer standby responsibilities to another employee.
- C. In the event a non-exempt employee is called back to work outside their regular work schedule, the employee shall receive a minimum of two (2) hours pay or actual hours worked, whichever is greater, when called back before Midnight. The employee shall receive a minimum of three (3) hours pay or actual hours worked, whichever is greater, when an employee is called back between 12:01 am and 6:00 am. Time will start when the employee reports to work. Call back pay may only be paid once within any two (2) or three (3) hour period regardless of the number of events or call backs that occurred during that two or three hour period. Call back pay is utilized when an employee is

required to return to work outside their scheduled work hours and without prearrangement (e.g., scheduled meetings), thereby necessitating additional travel to and from work. The call-back pay shall not apply to work that immediately follows or precedes the employee's work schedule, or to any scheduled work, meeting, or assignment. Call back hours shall be included in the calculation of overtime, and will be paid accordingly.

7-6. Meal Periods/Break Times

- A. Field Employees, when feasible, will be permitted to take two (2) fifteen (15) minute paid breaks during each regular shift of at least eight (8) hours. Employees in offices or who spend the majority of their time in a vehicle can take reasonable breaks throughout the day and do not require two structured fifteen (15) minute breaks.
- B. The Village may alter break and or meal schedules for business needs and in emergencies. The Village may alter or cancel breaks to meet business needs.
- C. Employees will normally have a meal break of at least thirty (30) minutes. Where no meal break is provided after the first five hours of work, the employee may be given the option to take a meal break or work through the entire shift and receive pay for the meal period.
- D. PUMP for Nursing Mothers Act: Pursuant to the PUMP Act, mothers who need time to express breast milk during work hours may take reasonable paid breaks, as needed, for up to one year following the birth of the child.

8-8. Requesting Time

Employees requesting time off must utilize the approved time requesting program to enter an electronic request for time off. The request will be routed to the appropriate levels of management for approval. Once a request has been either approved or denied, the employee will be notified in their “Work Time” account.

CHAPTER 9: WORK OUT OF CLASSIFICATION

9-1. Advancement

After three (3) consecutive days of work in a higher graded job, starting on the fourth day, the employee will receive the starting rate of pay for that job or an increase of 5% whichever is greater for all additional continuous days worked in that position.
- C. Whenever an employee is temporarily assigned to a lower or lateral classification, that employee will not have their pay reduced as a result.

CHAPTER 10: RETURN TO WORK – LIGHT DUTY

10-1. Purpose

The Village of Royal Palm Beach recognizes that occasionally employees may not be able to perform the full duties of their position. If the employee is hurt, and their doctor by written notification has given them permission to return to work with a clear, objective list of work restrictions, the Village has taken the position of allowing such people to return to work in a light duty capacity if at the Village's discretion, an appropriate position is available.

10-2. Return to Work Permission

- A. Any person injured while on or off duty will be required to have in writing a note from their treating physician indicating the date the person will be able to return to work, and whether or not they have any restrictions. The restrictions will be objective so as to give the Village of Royal Palm Beach a clear understanding of what the person is able to do without further injuring themselves.
- B. The Village reserves the right to get a second medical opinion of work related restrictions at the cost of the Village. Should the first and second opinions differ, the Village and Employee may pick a third physician and share the cost.

10-3. Light Duty

- A. All employees will be considered for light duty on a case by case basis. Light duty is given to employees on a first come, first serve basis if available. In the event that two employees are injured during the same time frame, the work related or worker's compensation injury will take priority for light duty assignments.
- B. The Village of Royal Palm Beach is not obligated to create light duty positions.

CHAPTER 11: EDUCATION

11-1. Purpose

Where practical and feasible, the Village will assist with training or educational programs designed to strengthen an employee's abilities and improve job performance.

Such requests are to be approved prior to registering for the seminar or class, and funding must be in the budget to cover the costs. When travel is involved for any such training, seminar or class, a "Travel Expense Reconciliation Form" must be filled out and approved with all necessary documentation prior to the travel.

A. Program Eligibility

An eligible education program is one that, according to the Village Manager and the department head, benefits the Village.

B. Employee Status

An employee must meet the following criteria to be eligible for the tuition reimbursement benefit.

1. Must be either non-probationary full time, or part time, working an average of twenty (20) hours per week over a ninety (90) day period, permanent, and in a paid, active status during the semester in which classes are being taken and reimbursed. If an employee does not meet the aforementioned conditions of employment within a term of coursework, the employee will not be eligible for that term; and
2. Have received in the most recent performance evaluation, a rating of "Exceeds Requirements"; and
3. Have no disciplinary action or PIP plans within the last 12 months.

Tuition reimbursement will be reduced by any amount of financial assistance the employee receives which is not required to be repaid by the employee, such as grants, scholarships, GI bill or other funds that offset the cost of tuition.

E. Financial Agreement

All employees seeking tuition assistance will be required to acknowledge and sign the Tuition Assistance Request Form during the budget cycle. In the event a full time employee voluntarily terminates employment with the Village for reasons other than death or disability, before the time frames as referenced in Section 11-4, Employment Obligations, any reimbursements made to the full time employee according to the schedule below, will be considered to be a loan in which the employee will be financially responsible to repay the Village in full:

1. Repayment for Associates and Undergraduate classes will be limited to the last two reimbursed semesters.
2. Repayment for Graduate level, will be limited to the last three reimbursed semesters.

Winter break session for the purpose of this section will not be counted as a semester.

F. Payment to Village Upon Separation

When a full time employee voluntarily leaves for reasons other than death or disability, the amount of any such reimbursement shall be considered a personal loan repayable to the Village, and shall be deducted from the employee's final paycheck to the extent allowable; however, no such deduction shall result in the employee receiving less than minimum wage for all hours worked in the final work week.

Any unpaid balance not paid from the final paycheck shall be paid to the Village by the employee within 3 months of separation date. Requests for extensions or exceptions must be made in writing to the Village Manager. In the event the employee fails to reimburse the Village as provided above, and the services of an attorney or other agency are required to collect, such attorney, agency, and or court fees will be added to the amount owed by the employee to the Village.

- G. No tuition assistance will be given for any degree above a graduate, nor for multiple undergraduate or graduate degrees.

11-3. Procedure

- A. If a full time employee is seeking a degree, the request is to be made using the “Tuition Assistance REQUEST” form during the budget process in April, as outlined in section 11-2, and submitted for written approval by the department head to the Human Resource Director and Village Manager. Permanent part time employees may request throughout the fiscal year if funding is available. The form can be found online under the Human Resources Employee Forms section or from the Human Resource office. Additionally, after the request has been approved, an individual “Tuition/Course Reimbursement” form for each term’s courses must be completed with all necessary supporting documentation prior to the start of each course. Employees must pay for their own tuition, books, lab, materials, supplies and other fees at the time of enrollment in an approved course.
- B. Classes must be taken at a Florida State institute which is accredited by an accreditation agency recognized by the US Department of Education unless specific permission is granted to do otherwise. In certain circumstances, the Village recognizes certain classes may not be offered at a Florida State school.

11-4. Employment Obligations

- A. Full Time employees who receive tuition assistance for an Associates or Undergraduate degree are obligated to remain employed with the Village for a minimum of one (1) full year, a rolling twelve (12) month period, after the completion and reimbursement of the last course.
- B. For a Graduate degree, a full time employee is obligated to remain employed for a period of two (2) years, a rolling twenty-four (24) month period, to start after the completion and reimbursement of the last course.
- C. This section shall not be construed as an employment agreement between the Village and the Employee. The Village shall retain the right to terminate without cause or notice at

any time. Employment with the Village of Royal Palm Beach will remain at-will.

11-5. Certifications and Licenses

- A. When necessary and required for a position within the Village, and with budgeted funds available, the Village may pay for a seminar, class, or prep course necessary for a required certification or license. The Village, depending on the class, the length of time, location and type of class, will determine if the employee will be able to attend class during work hours or be asked to take the class on their own time. Employees are required to seek approval from their supervisor and Department head prior to the enrollment of any type of class/seminar/course if they are seeking reimbursement from the Village.
- B. The Village will pay for the registration fee associated with corresponding exams and licenses required for an employee's position. Should an employee fail the exam the first time, the Village will pay for the exam a second time. There will be no expectation from the employee for exam payment after a second attempt, even if the Village is requiring the exam or license.

CHAPTER 12: EMPLOYEE CODE OF ETHICS AND CONDUCT

12-1. Ethics

All Village employees are required to maintain the highest ethical standards in the conduct of their position or office. In order to fulfill this requirement, the following shall apply:

Section 2-446(a) of the Palm Beach County Code of Ethics provides in part: "Officials and employees shall be informed of their ethical responsibilities at the start of their public service, and shall receive updates and training materials on ethics issues throughout the span of their public service. The ... municipal administrator as applicable shall establish by policy a mandatory training schedule for all officials and employees which shall include mandatory periodic follow-up sessions." As required by the Palm Beach County Code of Ethics, Section 2-446, the Village has established the following requirements regarding ethics training and retraining. If an official or employee has taken Palm Beach County Code of Ethics training within one hundred eighty (180) days prior to the date scheduled for a formal group retraining, then that official or employee is not required to attend the formal group retraining or comply with the retraining requirements during that particular retraining cycle. Instead, the official or employee will be exempted from the current retraining cycle, and will comply with retraining requirements during the next retraining cycle.
- C. Formal re-training on the entire Palm Beach County Code of Ethics will be conducted in accordance with Section 12-4.

12-5. Grace Period

If an official or employee is unable to complete initial training or retraining within the time periods stated above due to the official or employee’s, or their spouse, domestic partner, relative, household member or dependent’s, illness, disability, death, injury, family medical leave, or other extenuating circumstance as determined by the Human Resources Director, then such official or employee shall complete the required training within thirty (30) days upon their return to public service or employment.

12-6. PBC COE Ethics Training Materials

Required ethics training materials will be maintained by the Human Resources Department and are available for review upon request.

12-7. PBC COE Compliance Audits

Ethics training compliance audits by the COE will be coordinated through the Human Resources Department. Results of such audits will be submitted to the Village for action and opportunity to cure any deficiency at least ten (10) business days prior to the issuance of final compliance reports.

Employees shall not directly or indirectly accept nor solicit any gift, favor or service in whatever form under circumstances from which it could reasonably be inferred that the gift was intended to influence them or reasonably be expected to influence them in the performance of their official duties, or was intended as a reward for any official act on their part.
- B. Gifts include anything of value to the recipient from any existing or potential vendor, contractor, utility corporation or customer including a gift, loan, reward, promise of future employment, favor or service based on the understanding that the official action or judgment of the Village employee would be thereby influenced.

- D. Gift cards, coupons, cash and any other form of monetary gift shall be immediately returned. Items such as food or gift baskets which are addressed to the Village or a

department within the Village, and are not valued greater than \$100.00, shall be placed in an area for all employees to share.

12-10. Nepotism

It is the Village's intent to comply with state law regarding nepotism, and to eliminate employment practices which result in conflicts of interest, favoritism or appearance of impropriety.

- A. No employees related to each other, in the immediate family, shall be employed in the same division of the same department. This shall not apply to employees assigned before the effective date of this policy.
- B. No employee shall be transferred, promoted, or demoted to the same division of a department in which an immediate family member/Domestic Partner is working. This shall not apply to employees assigned before the effective date of this policy.

A Domestic Partner shall be defined according to the Palm Beach County Clerk and Comptroller's Office requirements to obtain a "Certificate of Domestic Partnership". The Village will recognize Domestic Partners once an employee presents to the HR Office, a completed "Certificate of Domestic Partnership" which reflects the registration of such relationship in Palm Beach County (or county of residence, if different). The procedure for obtaining the Certificate can be found on the Palm Beach County Clerk & Controller's website, www.mypalmbeachclerk.com, or you can get a Certificate at their offices at 205 North Dixie Highway, West Palm Beach, Florida (or any of their branch locations).

- C. Employees who change their relationship by marriage, adoption or other means while working within the same department shall not both continue their employment in the same respective department, whether one supervises or evaluates the other or not. One employee shall request a transfer to another division or department if such a position is available as determined by the Village Manager, or separate from the Village service of employment.

At the Village's sole discretion, the Village may initiate an investigation into the circumstances surrounding an employee's charge and/or arrest, with or without regard to any pending criminal case and/or the outcome of the criminal proceedings. If an employee is incarcerated and unable to report to work, the Village may terminate the employee.

12-12. Lost/Found Items

Should any items be found by an employee while they are on duty performing work for the Village or on Village property whether on or off duty, the employee is to surrender the item to their direct supervisor. The supervisor will deliver the item to the Clerk's Office where it will be recorded as a found item, the employee who found it, the location, and the date it was found. If no one claims ownership of the item within 30 days, the item will become the property of the Village.

12-13. Co-Worker Relationships

Due to the potential for a conflict of interest, sexual harassment, and/or other serious concerns, the Village strongly discourages employees from dating or entering into a consensual and/or romantic relationship with other co-workers, supervisors or Council members. In an effort to avoid such problems from arising, the Village prohibits supervisors and managers from dating any subordinate in their department. Such relationships can be disruptive to the work environment, create a conflict or appearance of a conflict of interest, and lead to charges of favoritism, discrimination, and claims of sexual harassment. While the Village has no desire to interfere with the private lives of its employees, or their off-duty conduct, where such conduct impacts upon the Village and/or the Village's work environment in a negative manner, such as noted above, the Village reserves the right to take whatever action is appropriate, in its discretion, to protect the Village's interests.

If employees become involved in a consensual and/or romantic relationship, except as prohibited amongst supervisors/managers and departmental subordinates, as referenced above, the employees have a mandatory obligation to notify Human Resources within 10 calendar days.

CHAPTER 14: GRIEVANCE PROCEDURE

This chapter and its subparts only apply to unrepresented employees, those which are not represented by a collective bargaining unit.

14-1. Grievance Procedure

- A. This grievance procedure is established for Village employees to provide a process to address the application of these policies and procedures, or problems in the workplace.
 1. Level 1

In the event that any employee believes there is a basis for grievance, the employee shall in writing first present the grievance with their immediate supervisor within five (5) working days after the grievance is alleged to have occurred or when the supervisor should have gained knowledge of the occurrence. The grievance must include what Policy and Procedure the employee feels has been violated and the remedy sought. The supervisor will then respond to the employee within five (5) working days.
 2. Level 2

Any grievance which cannot be satisfactorily settled in Level 1 should be presented in writing to the employee's department head within five (5) working days after receipt of the answer in Level 1. The department head shall meet with the employee within ten (10) working days of the appeal to Level 2, and within five (5) working days after this meeting render a written decision on the grievance.
 3. Level 3

Any grievance which cannot be satisfactorily settled in Level 2 may be presented in writing to the Village Manager or designee within five (5) working days after receipt of the answer in Level 2. Upon appropriate review of the matter, the Village Manager shall render a decision in writing within five (5) working days after this meeting, and such decision shall be final.
- B. The date of filing a grievance shall be determined by the date it is received by the supervisor or their designee. The Grievance will be initialed and dated by the supervisor upon receipt. The same procedure shall be applied to the progression of the grievance to Levels 2 and 3.
- C. If the Village fails to respond in any level within the time frame allotted, it will be considered a denial of the grievance.
- D. It is understood that in Levels 2 and 3 the Village and the employee may jointly elect to meet during non-work hours or a meeting may extend into non-working hours.

CHAPTER 15: DISCIPLINARY MEASURES

This chapter and its subparts only apply to unrepresented employees, those which are not represented by a collective bargaining unit.

15-1. Policy

It is the policy of the Village of Royal Palm Beach to provide a well-defined system of discipline which outlines the procedures for disciplinary actions applicable to all employees. While recognizing that some conduct warrants immediate termination, the Village endorses the concept of progressive discipline. The types of disciplinary action include verbal counseling, written reprimand, suspension, and discharge.

15-2. Disciplinary Action Procedures for Non-Probationary Employees

- A. Verbal Counseling - The department head or supervisor may initiate disciplinary action by meeting with an employee to discuss performance and/or behavior issues, and to counsel an employee regarding such concerns as well as ways to improve conduct. The counseling meeting will be documented in writing on the “Employee Counseling/Reprimand Form” and forwarded to the Human Resources Department for the employee’s personnel file.
- B. Written Reprimand - The department head or supervisor will meet with and inform the employee about the nature of the disciplinary action, and present the employee with a written reprimand documented on the “Employee Counseling/Reprimand Form” and forward it to the Human Resources Department for the employee’s personnel file. When applicable, the written reprimand may indicate a plan for improvement up to and including placement on a 90-day probation period.
- C. Suspension - The department head or supervisor will investigate allegations pertaining to a disciplinary action which may substantiate that sufficient evidence exists for suspension without pay. At the discretion of the department head or supervisor, an employee may be suspended with pay when circumstances dictate that the employee should not perform their job until an investigation is concluded. Suspensions shall be documented on the “Employee Counseling/Reprimand Form” and forwarded to the Human Resources Department for the employee’s personnel file.
- D. The employee may appeal a suspension, or demotion for disciplinary reasons through the grievance procedure set forth in Chapter 14.
- E. Previous charges or disciplinary actions brought forth by the department head or supervisor may be cited against the employee if these previous acts are reasonably related to the existing charge, or show a pattern of inappropriate behavior.
- F. The results of the disciplinary action taken and/or related grievance, including documentation, will be made part of the employee’s personnel record. All previous charges or disciplinary actions must have been shared with the employee. Employees will sign all disciplinary forms, which will be used only to acknowledge receipt of the

document, not concurrence with it.

- G. During the first twelve (12) months of employment, all employees are considered probationary, meaning that they are subject to discipline up to and including discharge for no specific charge without recourse through the grievance procedure.

15-3. Discharge of Non-Probationary Employees

- A. At the discretion of the department head, an employee may be placed on a 90-day probationary review period. Should an employee not respond positively and improve performance, the department head may discharge such employee with the approval of the Village Manager.
- B. Discharged employees have the right to grieve the discharge including a final hearing before the Village Manager.

15-4. Causes for Disciplinary Action

The following is an illustrative but not exhaustive list of causes that may result in disciplinary action up to and including discharge:

1. Substandard work performance.
2. Infractions of policies and procedures established by the Village, Village Manager or the department head.
3. Offenses or misconduct specifically prohibited by law.
4. Drinking or being under the influence of intoxicants, narcotics, controlled substances, hallucinogens on the job; use, possession, distribution or sale of narcotics, illegal drugs or non-prescribed prescriptions while on duty.
5. Unauthorized absence from work; absence without calling in prior to start of work shift and/or without reasonable cause; reporting to work late; leaving work area or job without permission; absences without leave.

7. Participating in any form of unlawful harassment or unlawful discrimination.
8. Unauthorized use of Village property, equipment or premises; abuse of Village vehicle or equipment.

22. Failure to work required overtime; unavailability during stand-by duty; refusal to report during emergency.
23. Failure to use the appropriate restroom according to assigned birth gender (Safety in Private Spaces Act).

15-5. Application of Disciplinary Procedures

- A. The provisions in Section 15-4 are not to be construed as a limitation upon the retained rights of the Village to discipline for any reason up to and including discharge. These guidelines should not be interpreted as creating a right or expectation of continued employment, progressive discipline, or discharge only for certain reasons after previous warnings, or any other property right or interest in employment.
- B. Although internal consistency in administering progressive discipline is desirable departmentally and Village-wide, many factors may be considered in determining the appropriate level of discipline at each step. Some factors include but may not be limited to: time intervals between infractions; possible or actual consequences of infractions; employee willingness to improve; job attitude; nature of infraction relative to employee's job responsibilities; repetition of same or other serious infraction(s).
- C. Certain infractions may be serious enough that immediate discharge upon first offense is applicable.
- D. Incidents of misconduct may differ among employees, and the Village retains the right to treat each incident on an individual basis without creating precedent for future cases.

CHAPTER 16: MISCELLANEOUS BENEFITS

16-1. Health Insurance and Life Insurance Benefits

- A. The Village will contribute toward the cost of a Village approved Health Benefit Package. Any coverage beyond such costs will be paid by the employee through payroll deduction.
- B. The Health Benefit Package provided by the Village will abide by the Patient Protection and Affordable Care Act (PPACA), and shall be made available to all full-time, non-temporary employees and their families, which will include medical and may include life insurance. For the purpose of eligibility of healthcare benefits only, the definition of full time will be any permanent employee who is employed on average at least 30 “hours of work” per week, or 130 hours per month or as PPACA is amended. Options for other insurance such as dental and vision insurance may be offered, but may or may not be supplemented by the Village. The Village reserves the right to change providers. Information regarding these benefits will be provided initially during new employee orientation, annually for renewal during open enrollment and at other appropriate times as determined by the Village.
- C. New employees must complete all insurance forms and return them to the Human Resources Department. Employees are entitled to this coverage thirty (30) days from the date of employment to be effective on the first day of the following month.

16-2. Cafeteria Plan

- A. The Village offers a Section 125 Cafeteria Plan for full-time employees to direct pre-tax dollars for reimbursement of qualifying expenses. This allows employees to set aside dollars from their salary for qualified expenses such as:
 - Medical/dental/vision expenses not reimbursed by insurance;
 - dependent care.
- B. In addition, under the Cafeteria Plan, employees who enroll in one of the approved Village medical, dental and vision plans and who make contributions for coverage under the plan(s) may elect to have any out of pocket medical, dental and vision insurance premiums deducted from their salary before income taxes.

Participation in the plan will reduce an employee’s income taxes and Social Security tax by reducing their taxable salary. Information on the plan will be provided during new employee orientation and annually during open enrollment.

16-3. Social Security

- A. All employees shall have Social Security taxes deducted from their salaries. Such amount deducted shall be matched by the Village in accordance with the currently prevailing Federal tax laws.

retirement plan for all employees.

- B. Each permanent, full time employee who is at least 18 years of age, completed one (1) year of service with the Village, and who was employed prior to October 1, 2007, made an irrevocable choice to either join the Florida Retirement System, or remain a participant in the Village's 401a retirement plan. In the 401a plan, after one year of service, the Village contributes 5% of the employee's gross earnings into the 401a plan. The employee has the opportunity to contribute up to 5% as well. The Village will match 100% of the funds the employee contributes.
- C. Permanent employees hired after October 1, 2007, will be enrolled automatically in the Florida Retirement System (FRS). A mandatory employee contribution of 3% will be made by all active participants to the FRS or as amended by the State.
- D. Retirement Forms are available in the Human Resources Department or the Finance/Payroll Department. The Village's Pension Administrator, in conjunction with the Village Pension Board, and FRS will provide educational materials and information about the plans to all employees

16-5. Deferred Compensation

The Village offers a Section 457 Deferred Compensation Plan which allows permanent employees to save for retirement without paying Federal Withholding Taxes. Any contributions from an employee's salary to the plan will be non-taxed, except Social Security and Medicare. Interested employees can obtain enrollment forms and information regarding the products for participation at any time in the Human Resources Department or from payroll/finance.

16-6. Workers' Compensation

- A. As required by Florida Statutes, all Village employees are covered under Florida Workers' Compensation Law and shall abide by the "Drug Free Workplace" policies and procedures (Chapter 22).

The supervisor or department head shall notify the Human Resources Department as soon as possible after the accident or injury. Failure on the part of the employee to report an injury before the end of the workday may jeopardize the claim for Workers' Compensation.
- C. Employees injured on the job who are unable to return to work on the day of injury shall be paid for that day. For any subsequent days of absence from work due such work related injury, the employee shall be entitled only to the amount allowed under workers' compensation laws. Employees may elect to use accrued personal leave time, ALT, or compensatory time to receive up to 100% of their salary.

D. Benefits provided by Workers' Compensation Law:

1. Payment for all medical costs related to the employee's injury or illness.
2. Payment of reasonable transportation costs to and from the doctor's office. Employees may request such costs directly through the Village's Workers' Compensation Carrier; however, such costs shall not be paid by the Village.

E. Employees will not receive overtime as a result of reporting an injury and receiving medical treatment on the date of injury, or for any other related appointments.

F. Workers' Compensation will be coordinated through the Human Resources Department. If an employee under Workers' Compensation as a result of a work-related injury or illness is unable to return to their regularly assigned and/or essential job duties due to work restrictions, the Village shall make effort to provide reasonable accommodation commensurate with job availability and the employee's abilities with such restrictions. Such cases shall be reviewed and determined by the Village Manager.

The Village has a plan administrator who sends out paperwork to all eligible terminated employees informing them of their rights.

B. In general terms, benefits such as those mentioned can continue for a specified period of

time, but the cost of the benefit will no longer be supplemented by the Village and there will be an additional 2% maintenance cost added as well. Employees and or their eligible dependents are sent forms and must make an election that is time sensitive of whether or not to continue with their present medical and dental benefits.

19-2. HIPAA Privacy and Security

A. Background

The Village of Royal Palm Beach sponsors health benefits for employees through group insurance plan(s) (referred to as the "Plan(s)"). The Plan(s) provides benefits to eligible employees and their eligible dependents, and to certain former employees and dependents such as COBRA and Retiree participants (all collectively referred to in this

Policy as "individuals") and as may be indirectly administered at times by various other third party administrators (referred to as "Administrators").

This policy applies only to health information of the Plan(s), and not to any other types of medical information that the Village may have as an employer. As a function of the Village's role in the administration of the Plan(s), it receives individually identifiable health information in connection with the Plan(s).

The Village designates members of its workforce to perform plan administrative functions (referred to hereinafter as the "Workforce Members"), in cooperation with Administrators. In the course of these functions, the Workforce Members may have access to the individually identifiable health information of individuals in connection with the Plan(s) either: (1) on behalf of the Plan itself, or (2) on behalf of the Village of Royal Palm Beach.

It is the policy and commitment of the Village of Royal Palm Beach to comply fully with the requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended from time to time. To that end, all personnel who have access to protected health information ("PHI") to perform Plan administrative functions must comply with this HIPAA Privacy Policy (the "Policy").

19-3. HIPAA Policy

A. Privacy and Security Officer

The Village designates the Human Resources Director to act as the Privacy Officer and designates the Information Systems Manager to act as the Security Officer for the Plan(s). The Privacy Officer and Security Officer will be responsible for the development and implementation of policies and procedures relating to privacy and security. The Privacy Officer and Security Officer will also serve as the contact person for individuals who have questions, concerns, or complaints about the privacy or security of their protected health information or their rights under HIPAA with respect to the Plan(s).

B. Access to Protected Health Information

Only specific Workforce Members are permitted access to protected health information (PHI) on behalf of the Plan(s). These people include, but are not limited to the Privacy Officer, Security Officer, and assigned staff in the Human Resources Department and the Finance Department to the extent they come into contact with the Plan's PHI. Staff from the Information Systems Department may be granted access to PHI for the sole purpose of assisting the Workforce Members in servicing the electronic versions and transmission of the PHI on the Village's network servers. Workforce Members may use and disclose the Plan's PHI for plan administrative functions. The amount of PHI disclosed must be limited to the minimum amount necessary to perform the relevant task. Generally, Workforce Members may not disclose PHI to employees other than those classified as Workforce Members.

C. Technical and Physical Safeguards

The following are procedures for daily processing of PHI:

1. While working on a specific claim, document or file, take measures to prevent others from viewing it. Keep all documents containing PHI inside folders or face down;
2. When employees are away from their workstations during the day, such as breaks and lunch, PHI must be put in a drawer or other secure area. When leaving for the day, PHI must be placed in a locked drawer or cabinet;
3. E-mails containing PHI must be limited to the minimum necessary, for example, do not forward strings of e-mails containing PHI;
4. To assure confidentiality regarding Plan participants' PHI (including employee claims), conversations regarding such claims are not to take place in general areas open to other employees;
5. All questions regarding a personal claim or a claim for a covered dependent must be directed to the individual who handles employee claims. Issues regarding an employee's personal claim should not be discussed with other employees who are not Workforce Members;
6. When on the telephone, Workforce Members must lower their voices to prevent others from overhearing conversations regarding PHI;
7. Documents or files containing PHI must not be removed from the office;
8. Documents with PHI, which are distributed internally, must be marked as "confidential";
9. Social Security numbers must not be used as identifiers in e-mails;
10. All papers containing PHI that are being discarded in accordance with Florida's Public Records Law must be shredded or placed in the shredder bin before leaving the office for the day;
11. A password is not to be written where someone can see it or find it. Passwords are never to be shared with anyone, including managers or IS staff;
12. Computers must be locked before a Workforce Member leaves the workstation;
13. When it is necessary to monitor or listen to audible sources of PHI, all necessary precautions must be taken to protect the privacy of those communications and reasonable steps must be taken to avoid exposing the PHI.

19-4. HIPAA Complaints

- A. Individuals may lodge complaints about privacy procedures; forms for logging complaints are available in the Human Resources Department or online at www.royalpalmbeachfl.gov, under the Human Resources, employee forms. The Plan's Notice of Privacy Practices advises individuals of the right to report complaints of a potential violation of their privacy rights to the Plan. All complaints must be immediately reported to the Privacy Officer. The Privacy Officer will determine if a complaint requires investigation and, if so, will investigate, either personally or through a designee. Further, if the Privacy Officer deems necessary, the Privacy Officer will take appropriate corrective action. The Privacy Officer will retain copies of all such complaints as well as the documented disposition of the complaints.

- B. All complaints shall be investigated promptly, and confidentiality will be maintained within the parameters of the investigation to the greatest extent possible. While the Privacy Officer shall make every effort to be sensitive to privacy issues, in the course of an investigation, the Privacy Officer may discuss relevant information with appropriate parties as required to obtain needed information. There shall be no intimidation, threats, discrimination, or other retaliatory action or behavior taken against an individual who files a complaint with the Privacy Officer or with the Secretary of U.S. Department of Health and Human Services.

19-5. Violations of Privacy and Security

Using or disclosing PHI in violation of this Policy will result in disciplinary action as appropriate. A violation of this Policy or any other HIPAA privacy or security policy or procedure by Workforce Members or by any other employee may result in disciplinary action up to and including termination of that employee. The Privacy Officer will maintain documentation reflecting any such disciplinary actions.

19-6. Inadvertent Disclosures of PHI

If any employee becomes aware of a disclosure of PHI that is not in compliance with this Policy, that employee must immediately contact the Privacy Officer so that appropriate steps to mitigate the harm to the individual can be taken.

19-7. Use and Disclosure of PHI

- A. Workforce Members Must Comply with Plan's Policy and Procedures. The Privacy Officer will review any complaints regarding privacy violations by the Workforce Members. If the Privacy Officer is aware of a pattern or practice that is a material violation of any Workforce Member's duties to the Plan and the Village Royal Palm Beach with regard to privacy, the Privacy Officer will take reasonable steps to end the violation. The Privacy Officer will monitor the return or destruction of PHI used, created or obtained by the Workforce Members.

- B. Permitted Uses and Disclosures; Payment and Health Care Operations

PHI may be used or disclosed for the Plan's own payment purposes, and/or may be disclosed to another HIPAA-covered entity (e.g., another health plan or a health care provider) or to the Administrators for payment purposes of the Plan or that other covered entity. When individuals inquire about their Plan benefits, Workforce Members will generally direct those individuals to the Administrators as appropriate.

19-8. Non-Disclosure of PHI for Non-Health Plan Purposes

PHI held by the Plan may not be used or disclosed by the Plan or the Village in connection with administration of any of the Village's other ("non-health") benefits such as disability, workers' compensation, or FMLA, unless the individual subject of the information has provided an authorization for such use or disclosure. However, Workforce Members may use

or disclose the PHI without an authorization from the individual if applicable state law requires such use or disclosure and particular requirements under HIPAA are met.

Mandatory Disclosures of PHI to an Individual and to the Department of Health and Human Services must be disclosed as required by HIPAA in two situations:

- The disclosure is to the individual who is the subject of the information; and
- The disclosure is made to the Secretary of the United States Department of Health and Human Services ("HHS") for purposes of enforcement of HIPAA.

Requests from any governmental authority, whether state or federal, must be forwarded to the Privacy Officer immediately. Information may not be disclosed until the Privacy Officer can verify that the request is authentic.

In connection with disclosures to the individual subject of the information, Workforce Members will use reasonable safeguards to ensure that the person requesting the PHI is actually the individual subject of such PHI. Spouses of employees are not permitted to receive PHI without the written authorization of the individual subject of the information.

19-9. Permitted Disclosures of PHI

- A. PHI may be disclosed in the following situations without an individual's authorization, when specific requirements are satisfied. These disclosures presuppose the prior approval of the Plan's Privacy Officer, so that the Privacy Officer may determine if the specific applicable requirements and limits on such disclosures are satisfied:
1. Disclosures to the individual's family and friends where the individual provided informal permission to disclose PHI directly relevant to that person's involvement in the individual's care or payment for care in accordance with 45 C.F.R. 164.510(6)
 2. Disclosures required by law (in addition to the disclosures to HHS referenced above)
 3. Disclosures about victims of abuse, neglect, or domestic violence
 4. Disclosures for judicial and administrative proceedings
 5. Disclosures for law enforcement purposes
 6. Disclosures to avert a serious threat to health or safety
 7. Disclosures for specialized government functions
 8. Disclosures that relate to workers' compensation programs
- B. PHI may be disclosed for any purpose designated by the individual subject of the information, if the individual signs an authorization form that satisfies all of the requirements under HIPAA for a valid authorization. The Plan has developed a compliant template authorization form that will be provided to individuals upon request. The Plan's authorization form is not required for uses and disclosures of an individual's PHI between the Plan and Administrators but is required for uses and disclosures of an individual's PHI made between the Plan and any other third parties, or for use of PHI for purposes other than plan administration.

All uses and disclosures made by the Plan pursuant to a valid authorization form must be consistent with the terms and conditions of that authorization. All authorizations may be revoked by delivering written notice to the Privacy Officer, except to the extent that the disclosing party has already relied upon such authorization by releasing PHI. The Privacy Officer will be responsible for tracking all authorization forms and revocations of authorizations and maintaining them on file for six (6) years from the last effective date.

C. Complying With the "Minimum Necessary" Standard

When PHI is used or disclosed, the amount disclosed generally must be limited to the "minimum necessary" to accomplish the purpose of the use or disclosure. This includes disclosures to and by Administrators. The "minimum necessary" standard does not apply to any of the following:

1. Uses or disclosures made to the individual;
2. Uses or disclosures made with the individual subject's permission, pursuant to a valid authorization;
3. Disclosures made to the Department of Health and Human Services;
4. Uses or disclosures required by law; and
5. Uses or disclosures required to comply with HIPAA.

All other requests for PHI must be reviewed on an individual basis with the Privacy Officer to ensure that the amount of information requested is the minimum necessary to accomplish the purpose of the disclosure. The Privacy Officer shall have the discretion to issue general guidance (rather than on an individual basis) as to the minimum necessary amount of PHI that should be disclosed in connection with all routine disclosures.

D. Disclosures of De-Identified Information and Limited Data Sets

The Plan may freely use de-identified information, and also disclose de-identified information to Village management or to any other individuals. De-identified information is health information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual. The Plan can determine that information is de-identified either by professional statistical analysis or by removing specific identifiers.

19-10. No Intimidating or Retaliatory Acts; No Waiver of HIPAA Privacy

No employee or management representative may intimidate, threaten, coerce, discriminate against or take other retaliatory action against individuals for exercising their rights, filing a complaint, participating in an investigation, or opposing any improper practice under HIPAA.

No individual shall be required to waive their privacy rights under HIPAA as a condition of treatment, payment, enrollment or eligibility in the Plan.

19-11. Individual Rights

A. Access to and Copies of Records, and Requests for Amendment

The Plan will grant individuals various rights with respect to their own PHI that the Plan or Administrators maintain in "designated record sets." These rights include the right of individuals to request copies of their records and the right to request that their own PHI maintained in the Plan's designated record sets be changed.

The Workforce Members maintain designated record sets with respect to certain information pertaining to individuals who receive health benefits through the Plan. However, most of the Plan's designated record sets are maintained and stored by Administrators. Therefore, Administrators shall grant individuals their HIPAA rights through Business Associate Agreements.

Individuals may contact Workforce Members regarding the records subject to those rights, and the Workforce Members will work with the Administrators to ensure that the individuals can exercise those rights. Individuals may also contact Administrators directly to exercise their HIPAA rights with respect to information held by the Administrators.

B. Requests for Alternative Communication Means or Locations

Individuals may request to receive communications from the Plan regarding their PHI by alternative means or at alternative locations, due to a need for more privacy. For example, individuals may ask to receive statements from the Plan at work rather than at home. Such requests shall be honored if, in the sole discretion of the Privacy Officer, the requests can be reasonably accommodated.

C. Requests for Restrictions on Uses and Disclosures of PHI

An individual may request restrictions on the use and disclosure of the individual's PHI. For example, an individual may request that the Plan restrict uses and disclosures of the individual's PHI, even to family members who are involved in the individual's care. It is the Plan's policy to attempt to honor such requests if, in the sole discretion of the Privacy Officer, the requests are reasonable; however, the Plan is not legally obligated and cannot be required to honor any such requests. If the Plan agrees to the request, the Plan will not use or disclose the individual's PHI in violation of the restriction unless it is needed to provide emergency treatment or if the Plan terminates the restriction.

Any requests for these types of restrictions by Administrators will be directed to those Administrators, which may choose whether or not they wish to comply with the requests.

19-12. Business Associates

The Village of Royal Palm Beach will enter into written privacy agreements ("Business Associate Agreements") with its Administrators and other service providers, if any, who furnish services to the Plan to the extent those services involve the use of the Plan's PHI.

The Privacy Officer will review any complaints regarding privacy violations by the Plan's Business Associates. The Privacy Officer will take reasonable steps to end the violation. If

such steps are unsuccessful, the Privacy Officer will determine whether termination of the agreement with the Business Associate is feasible. If not, the Privacy Officer will determine if it is reasonable to report the Business Associate's violation to the government agency responsible for enforcing the Privacy Rule.

19-13. Breach Notification

A. Exceptions to Definition of Breach

A breach does not include: (i) any unintentional acquisition, access, or use of PHI by Workforce Members or by a person acting under the authority of Workforce Members or a Business Associate, if it was made in good faith and within the scope of authority, and does not result in further use or disclosure in a manner not permitted under the Regulations; (ii) any inadvertent disclosure by Workforce Members or a Business Associate who is authorized to access PHI, to another person authorized to access PHI so long as the information received as a result of such disclosure is not further used or disclosed in a manner not permitted under the Regulations; or (iii) a disclosure of PHI where the Workforce Member or a Business Associate has a good faith belief that the unauthorized person to whom the disclosure was made would not reasonably have been able to retain such information.

B. Obligation to Report Suspected or Actual Breaches

Any employee, Business Associate, or any covered person under the Plan, or any other person who becomes aware of an actual or suspected breach must immediately notify the Privacy Officer. The Privacy Officer will determine if any additional steps need to be taken.

C. Investigation Required Upon Report of a Suspected or Actual Breach

The Privacy Officer or, as applicable, the Business Associate, shall immediately undertake an investigation to determine if the unauthorized use or disclosure constitutes a breach under 45 CFR Part 164. All such investigations shall be documented, and any investigation by the Privacy Officer shall be maintained on file by the Privacy Officer.

D. Notification to Participants

If notification to participants is legally required, the Privacy Officer, or designee, will notify in writing each participant whose unsecured PHI has been, or is reasonably believed to have been, accessed, acquired, used or disclosed, as soon as possible after the discovery of such breach (but under no circumstances later than 60 days after the discovery of the breach or, to the extent feasible, any earlier date that the breach should have been discovered through the exercise of reasonable diligence). In the event of a breach by a Business Associate, the Privacy Officer may, if the Business Associate or the Business Associate Agreement allows, work with the Business Associate to ensure that the Business Associate undertakes notification on behalf of the Plan in the manner required by 45 CFR Part 164, Subpart D, at the expense of the Business Associate.

E. Written Notification

Any written notice of breach is to be sent by first class mail to the participant's last known address, or if there is valid authorization from the participant to receive notice by email, then by email.

F. Content of Notification to Participants

The notice to participants will include, to the extent possible: (1) a brief description of what happened, including the date of the breach, the date of its discovery, if known, and whether the PHI was actually acquired or viewed; (2) the nature and extent of the PHI involved in the breach, including the types of identifiers and the likelihood of re-identification; (3) the unauthorized person who used the PHI or to whom the disclosure was made; (4) the steps the participant should take to protect him/herself; (5) what the Plan is doing to investigate the breach, mitigate risk to the PHI, and protect against further breaches; and (6) contact procedures the participant can use to ask questions or learn additional information, which shall include an email address, telephone number, website address or postal address.

G. Notifications and Documentation

If a breach affects 500 or more participants, then at the same time the notification requirements above are satisfied, the Privacy Officer shall notify HHS electronically and in the manner specified on the HHS website by completing the appropriate form. In the event of a breach by a Business Associate, the Plan will determine in each instance whether the requisite notice will be provided by the Plan or by the Business Associate.

If a breach affects 500 or more participants who reside in a particular state or other jurisdiction, such as a county or town, then in addition to the notice requirements described above, notice of the breach must also be provided to prominent media outlets serving the state or jurisdiction. This notification should be made as soon as possible after the discovery of the breach (but no later than 60 days after discovery of the breach or, to the extent feasible, any earlier date that the breach should have been discovered through the exercise of reasonable diligence). In the event of a breach by a Business Associate, the Plan will determine in each instance whether this notice will be provided by the Plan or by the Business Associate.

For breaches that affect fewer than 500 participants, the Privacy Officer shall maintain a log or other documentation of such breaches and shall, not later than 60 days after the end of each calendar year, provide HHS with notice of breaches occurring during the preceding calendar year, in the manner specified on the HHS website and by completing the appropriate form. A separate form must be completed for each breach that has occurred during the preceding calendar year.

"Reasonable suspicion drug testing" is defined as drug testing based on a belief that an employee is using or has used drugs in violation of the Village's policy, drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. Among other things, such facts and inferences may be based upon:
 - a. Observable phenomena while at work, such as direct observation of drug use or the physical symptoms or manifestations of being under the influence of a drug.
 - b. Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.
 - c. Evidence that an individual has tampered with a drug test during his employment with the current employer.
 - d. Evidence that an employee has used, possessed, sold or solicited, dispensed, distributed or transferred drugs while working or while on the Village's premises, or while operating the Village's vehicle, machinery or equipment.
 - e. Information that an employee has caused, or contributed to, an accident while at work.
 - f. A report of drug use, provided by a reliable and credible source, which has been independently corroborated.
21. "Safety sensitive position" means with respect to a public employer, a position in which a drug impairment constitutes an immediate and direct threat to public health or safety, such as a position that requires the employee to carry a firearm, perform life threatening procedures, work with confidential information or documents pertaining to criminal investigations, or work with controlled substances; a position subject to Section 110.1127, Florida Statutes; or a position in which a momentary lapse in attention could result in injury or death to another person.
22. "Special risk" means employees who are required as a condition of their employment to be certified under Chapter 633, Florida Statutes, or Chapter 943, Florida Statutes.
23. "Specimen" means a tissue or product of the human body capable of revealing the presence of alcohol and/or drugs or their metabolites. Unless circumstances necessitate otherwise, urine will be the specimen collected for the testing of all drugs except alcohol, and blood will be the specimen collected for the testing of alcohol.
24. "Threshold detection level" means the level at which the presence of a drug or alcohol can be reasonably expected to be detected by an initial and a confirmatory test performed by a laboratory that meets standards established herein. The threshold detection level indicates the level at which a valid conclusion can be drawn that the drug or alcohol is present in the employee's sample.

22-4. Authority To Test, Types of Tests, Refusal To Test

- A. Authority to Test - The Village of Royal Palm Beach has the authority to require employees to submit to testing for the presence of alcohol or drugs only as specifically as set forth in this drug-testing policy.
- B. Types of Tests - The Village of Royal Palm Beach may conduct the following types of drug tests in order to maintain a drug-free workplace program:
 1. Job Applicant Drug Testing - The Village requires job applicants for specific positions identified as "safety sensitive" to submit to a pre-employment drug test and may use a refusal to submit to a drug test or a positive confirmed drug test as a basis for refusing to hire a job applicant.
 2. Reasonable Suspicion Testing - The Village may require an employee to submit to reasonable suspicion drug testing. Reasonable suspicion drug testing shall not

be required except upon the written recommendation of a supervisor who is at least one level of supervision higher than the immediate supervisor of the employee in question. Furthermore, the supervisor's recommendation as to reasonable suspicion must be reviewed and agreed upon in writing by the Village Manager or his designee. This written recommendation shall include the circumstances which formed the basis of the determination that reasonable suspicion existed to warrant testing. Please see the Village's definition of 'Reasonable suspicion drug testing' as outlined in Section 22-3, above, for more information.

3. Random Testing - The Village has established employment classifications such as safety sensitive, or those requiring a CDL, which may be subject to random drug testing.
 - i. All employees working in a position covered by this policy are subject to unannounced testing based on random selection. This includes temporary employees performing work in a covered position.
 - ii. All persons will be subject to be randomly picked for drug testing at each random testing date. A person may be randomly picked more than once or not picked at all during the annual period.
 - iii. To assure that the selection process is random all employees covered by this policy will be placed in a common pool.
 - iv. The selection procedure will select sufficient additional names to be used to reach the appropriate testing level during each test period. These alternate names will be tested in order of selection only if persons selected are unavailable for testing due to vacations, medical leave or travel requirements. The random selection will be performed by the Medical Review Officer (MRO).
4. Follow-Up Testing - If the employee in the course of employment enters an employee assistance program for drug-related problems, or an alcohol and drug rehabilitation program, the Village, at its option, may require the employee to submit to follow-up testing. If follow-up testing is required, it will be conducted at least once a year for a two-year period after completion of the program. Advance notice of a follow-up testing date will not be given to the employee to be tested.
5. Routine Fitness for Duty Testing – An employee may be asked to submit to a drug test as part of a routinely scheduled fitness for duty medical examination that is either part of the Village's established policy or that is scheduled routinely for all members of an employment classification or group.

- C. Refusal to Test - If an employee refuses to submit to a test, leaves the drug testing facility, or refuses to follow directions, he/she may be disciplined up to and including termination for such refusal.

22-5. Notice To Employees

- A. The Village of Royal Palm Beach includes a notice of drug testing on all vacancy announcements for those positions where drug testing is required. A notice of this policy

is posted in appropriate and conspicuous locations on the Village's premises, and copies of the policy are available for inspection during regular business hours by the general public in the Village of Royal Palm Beach Human Resources Department.

- B. Employees are prohibited from possessing controlled substances, narcotics, or alcohol on their person, in their lockers, desks, or vehicles, while on Village property, while operating or riding in Village vehicles away from Village property, or while otherwise performing Village duties away from the Village. With reasonable suspicion, the desks, lockers, cabinets, drawers, and vehicles used by employees are Village property, and may be searched. If an employee places a personal lock on a locker, desk, cabinet, or other storage area, upon reasonable suspicion, the Village may require the employee to remove such lock upon request and permit a search by management. Employees who have a desk, locker or any other type of work area on Village Property are to have no expectation of privacy.

22-6. Collection Procedures, Choice of Specimen, Cost of Testing

- A. An employee injured at the workplace who requires medical attention will be tested, in accordance with this policy, and shall be taken to a medical facility for immediate treatment of injury. If the injured employee is not at a designated collection site, the employee will be transported to one as soon as it is medically feasible where specimens shall be obtained. If it is not medically feasible to move the injured employee, specimens shall be obtained at the treating facility under the procedures set forth in this policy and transported to an approved testing laboratory.
- B. No specimens shall be taken prior to the administration of emergency medical care. Once this condition has been satisfied, the Village of Royal Palm Beach may obtain results of any tests conducted on a specimen for the presence of alcohol or drugs only as is specifically provided for in this policy.
- C. The Village of Royal Palm Beach may test for any or all of the following drugs: alcohol, including distilled spirits, wine, malt beverages and intoxicating liquors, amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methadone, methaqualone, opiates, barbiturates, benzodiazepines, propoxyphene, synthetic narcotics, a designer drug or a metabolite of any of the substances listed in this paragraph.
- D. Body specimens – Urine will be used for the initial test for all drugs, and for the confirmation of all drugs, except alcohol. Blood will be used as the initial and confirmation test for alcohol. Nothing in this section shall be construed to limit the discretion of a physician to determine whether drawing a blood sample will threaten the health of the employee, or if the employee has a medical condition unrelated to the accident which may preclude the drawing of the necessary quantity of blood for a testing specimen. No inference or presumption of intoxication or impairment may be made in a case where a physician prevents a specimen extraction based on his or her medical expertise.
- E. Cost of testing – The Village of Royal Palm Beach shall pay the cost of all drug tests which it requires of employees. An employee shall pay the cost of any additional drug tests not required by the Village.

- F. Collection site – The Village of Royal Palm Beach shall utilize a collection site designated by an approved laboratory which has all necessary personnel, materials, equipment, facilities, and supervision to provide for the collection, security, chain of custody procedures, temporary storage and shipping or transportation of urine and blood specimens to the approved drug testing laboratory.
- G. Security of the collection site, chain of custody procedures, privacy of the individual, collection control, integrity and identity of the specimen, and transportation of the specimen, and transportation of the specimen to the laboratory shall be in accordance with Chapter 59A-24.005, Florida Administrative Code. The attached Chain of Custody Form will be used for each employee tested.

 - 2. Qualified person employed by a licensed or certified laboratory, as described in Florida Statutes 440.102(9).
- I. Prior to any collection of a specimen, the drug testing facility shall provide a form for the employee concerning Chain of Custody and a Consent and Release form. Refusal to execute Chain of Custody and/or Consent and Release forms shall be treated as a refusal to be tested.

22-7. Laboratory Procedures

- A. No laboratory may analyze initial or confirm drug specimens unless the laboratory is licensed by the Department of Health and Rehabilitative Services and is capable of performing such tests in accordance with Section 112.0455, Florida Statutes, and its attendant rules in Chapter 59A-24.006, Florida Administrative Code.
- B. Laboratory Assistance - The approved laboratory shall provide technical assistance to the MRO for the purpose of interpreting any positive confirmed test results which could have been caused by a prescription or non-prescription medication taken by the employee.
- C. Laboratory Analysis Procedures - All laboratory security, chain of custody, transporting and receiving of specimens, specimen processing, retesting, storage of specimens, instrument calibration and reporting of results shall be in accordance with Section 112.0455, Florida Statutes, and its attendant rules in Rule 59A-24.006, Florida Administrative Code.
- D. Initial Test - The initial screen for all drugs shall use an immunoassay methodology except that the initial test for alcohol will be an enzyme oxidation methodology. The

following cut-off levels shall be used when first screening specimens to determine whether they are positive or negative for the drugs or metabolites specifically listed below. In the event that the following cut-off levels are subsequently amended by legislation, the cut-off levels set forth in the new legislation shall control. All levels exceeding the following shall be reported as positive and reported for confirmation testing:

However, the Village reserves the right to conduct expanded profile testing for any and all of the drugs and metabolites listed above.

- E. Confirmation Test - All specimens identified as positive on the initial test shall be confirmed using gas chromatography mass spectrometry (GC/MS) except that alcohol will be confirmed using gas chromatography. All confirmations shall be done by quantitative analysis. Concentrations which exceed the linear region of the standard curve shall be documented in the laboratory record as “greater than highest standard curve value.” The following confirmation cut-off levels shall be used when analyzing specimens to determine whether they are positive or negative for the drugs or metabolites specifically listed below. (In the event that the following confirmation cut-off levels are subsequently amended by legislation, the confirmation cut-off levels set forth in the new legislation shall control.) The assigned laboratory shall be required to maintain any specimens under legal challenge for an indefinite period.

22-8. Release of Results

A. Reporting Results:

1. The laboratory shall report test results to the MRO within seven business days after receipt of the specimen by the laboratory.
2. The laboratory shall report as negative to the MRO all specimens which are negative on the initial test or are negative on the confirmation test. Only specimens which are confirmed as positive on the confirmation test shall be reported positive to an MRO for a specific drug.
3. The laboratory shall transmit to the MRO in a manner designed to ensure confidentiality of the information. The laboratory and MRO must ensure the security of the data transmission and restrict access to any data transmission, storage, and retrieval system.
4. The MRO and/or the tested employee may request from the laboratory, and the laboratory shall provide quantified test results.
5. The MRO will also verify that positive and negative test results were properly analyzed and handled. The MRO will have knowledge of substance abuse disorders and shall also be knowledgeable in the medical use of prescription drugs and in the pharmacology and toxicology of illicit drugs. The MRO shall evaluate the drug test results which are reported by the laboratory, verify the drug test results by checking the chain of custody form that the specimen was collected, transported and analyzed under proper procedures as set forth in this policy.
6. The MRO will initially notify the employee of a confirmed positive test result within three business days of receipt of the test result from the laboratory and determine if any alternate medical explanations caused a positive test result. This determination by the MRO shall include conducting a medical interview with the employee, review of the employee's medical history, review of any other relevant bio-medical factors, a review of all medical records made available by the tested employee, and an inquiry as to whether any prescription or non-prescription medications could have caused the positive test result. The MRO will provide an opportunity for the employee to discuss the positive test result and to submit documentation of any prescriptions relevant to the positive test result for up to five business days after notification period.

The MRO will then communicate the test results of an employee to a designated representative of the Village of Royal Palm Beach and the employee. The test results shall be communicated only after the MRO has verified that the positive

and/or negative test results were properly analyzed and handled and, in the case of a positive test result, the MRO has provided at least up to five business days for the employee to discuss the positive test results and to submit documentation of any information relevant to the positive test results.

7. The MRO shall provide to the designated representative of the Village of Royal Palm Beach and the employee a copy of the test results subject to the employee protection provision (Section 22-11) and the confidentiality provision (Section 22-15) of this policy.

22-9. After a Positive Test Result

If an employee has a confirmed positive test result, the Village will send the employee a letter within five business days of its receipt of notification from the Medical Review Officer (MRO) notifying the employee of their positive test result. The letter will outline the employee's rights and the manner in which he/she may challenge a positive test result. The employee is responsible for any costs associated with the challenge.

22-10. Challenges To Test Results

- A. Within five (5) business days after receipt of a positive confirmed test result from the MRO, the Medical Review Officer shall inform the applicant/employee in writing of the employee's right to explain or contest the test results. The applicant/employee will be allowed up to five (5) business days to submit information to the Medical Review Officer explaining the test results. If the applicant's/employee's explanation is unsatisfactory to the Medical Review Officer, the applicant/employee will be notified of such within fifteen (15) days of the date the challenge was received and the MRO shall report positive test results to the Village. At that time the applicant/employee will be provided with a copy of the positive test results and the name and address of the laboratory.

Within fifteen (15) calendar days from when an employee's explanation was due, the Village of Royal Palm Beach must notify the applicant/employee in writing of their final decision. If the applicant/employee did not submit information explaining the test results, or if the Village of Royal Palm Beach deems the explanation to be unsatisfactory, the Village of Royal Palm Beach must include in their decision the consequences of such results and the options available to the employee including the right to file an administrative or legal challenge pursuant to law or the rules adopted by the Agency for Healthcare Administration. All such documentation shall be kept confidential by the Village of Royal Palm Beach and shall be retained by the Village of Royal Palm Beach for at least one year.

- B. An employee may challenge the testing procedures, test results, and/or consequential action taken by the Village of Royal Palm Beach through the grievance process. The grievance process will begin as soon as the Village of Royal Palm Beach notifies the employee in writing of the Village of Royal Palm Beach's final decision regarding the tested employee.

- C. When an employee does undertake an administrative or legal challenge to the results of a drug test, it shall be the employee's responsibility to notify the laboratory in writing of such challenge. An employee has 180 days after written notification of a positive test result to have a portion of the specimen re-tested, at the expense of the employee. After such notification, the sample shall be retained by the laboratory indefinitely until the administrative or legal challenge is settled. However, regardless of an administrative or legal challenge, all positive confirmed specimens will be retained by the laboratory for at least one year from the date of initial testing. (See Section 22-7)
- D. If the applicant/employee desires to have the specimen tested at another laboratory, he or she shall have the first laboratory transfer the specimen to the second laboratory. The Village will not make the transfer.
- E. In the event, an employee successfully sustains either an administrative or legal challenge to the results of a drug test the employee will be reinstated with back pay and benefits.

The supervisor recommending reasonable suspicion drug testing shall detail in writing the circumstances which formed the basis of the determination that reasonable suspicion existed to warrant testing. A copy of this documentation must be given to the employee prior to testing; however, the aforementioned documentation may be subsequently amended, any such amendments will be supplied to the employee, to add to or further explain the circumstances that led to the decision to subject the employee to drug testing. Such amendments shall be given to the employee. The documentation shall be kept confidential by the Village of Royal Palm Beach.
- B. If an employee disputes the supervisor's recommendation of reasonable suspicion, the employee must, nonetheless, submit to a blood/urinalysis test, as ordered by the Village Manager or their designee, while also filing a grievance in writing directed to their immediate supervisor on duty.
- C. All employees may, upon request, have a witness present during the testing procedure, provided that the test will not be postponed for more than 45 minutes waiting for the witness. An attempt will be made to telephone a witness advising of said pending tests, but in no instance will the 45 minute waiting rule be waived.
- D. The Village of Royal Palm Beach must place any employees who are tested for reasonable suspicion under the provisions of this policy on administrative leave with pay until a final decision is made on the tested employee by the Village of Royal Palm Beach. Upon positive test confirmation paid administrative leave will cease and the employee will be subject to discipline up to and including termination.

- E. The Village of Royal Palm Beach will not request or receive from any testing facility any information concerning the personal health, habit, or condition of the tested employee including the presence or absence of HIV antibodies in the tested employee's body fluids.
- F. The drug testing laboratory may not disclose any information concerning the health and mental condition of the tested employee.
- G. During the 180-day period after written notification of a positive test result, the employee who has provided the specimen shall be permitted by the Village of Royal Palm Beach to have a portion of the specimen retested at the employee's expense. Such re-testing must be done at another licensed and certified laboratory, as appropriate, chosen by the employee. The second laboratory must test at equal or greater for the sensitivity for the drug in question as the first laboratory. The first laboratory which performed the test for the employer shall be responsible for the transfer of the portion of the specimen to be retested, and for the integrity of the chain of custody during such transfer. If the split sample is shown to be negative, the Village of Royal Palm Beach shall reimburse the employee for all costs associated with testing the split sample, and the employee will rehire the employee to their previous position and the employee will be made whole for all lost wages and benefits.

- J. All documents and records with regard to the drug testing of an employee will be expunged from an employee's file if the employee is cleared through an administrative or legal challenge, and/or under reasonable suspicion drug testing, if the employee's test results are negative.

22-12. Reporting Use of Prescription or Non-Prescription Medications

- A. An employee or job applicant will be able to confidentially report the use of prescription or non-prescription medications, both before and after being tested, as presence of those medications in the body may affect the outcome of the test. Pursuant to Section 440.102(3), Florida Statutes, employees and job applicants have the right to consult the testing laboratory or the MRO for technical information regarding prescription or non-prescription medications.
- B. Employees must inform their Supervisor or the Human Resource Department if they are taking medicine that may affect their ability to perform their job, drive a vehicle, or operate safety sensitive equipment. the employee's ability to perform the duties of their position.

22-13. Rehabilitation

As a result of an employee voluntarily seeking treatment, or when discipline is involved pursuant to this policy requiring an employee to undergo treatment, the employee shall enter an alcohol/substance abuse program approved by the Village of Royal Palm Beach. The approved program administrator shall determine when the employee has been successfully rehabilitated. There will be no set time frame in which the program administrator will be obligated to determine whether an employee has been successfully rehabilitated.
- B. If approved by the program administrator, the Village of Royal Palm Beach shall make every effort to place a safety-sensitive position employee in a non-safety-sensitive position while the employee participates in the employee assistance program for a period not to exceed ninety (90) days. If a non-safety-sensitive position is unavailable, or if the program administrator requires in-patient treatment for the employee, the employee shall be placed on leave status without pay until successfully rehabilitated. In no case shall the leave status without pay extend for a period longer than six (6) months. If placed on leave status without pay, the employee may use any accumulated leave hours prior to being placed on leave without pay

- C. Certain exceptions to these guidelines may be made for certain days or occasions at the discretion of the Village Manager. The above list is not all inclusive and may be altered or added to at any time.

24-5. Uniforms

- A. When by nature of an employee's job uniform dress is required, the department shall promulgate a policy upon recommendation by the department head and approval by the Village Manager.
- B. Shoe allowance is for those employees who are required to wear specialized shoes, such as steel toe or construction type shoes. Each fiscal year, employees may buy shoes, not to exceed an amount determined and approved by the Village Manager.
- C. Absent a department policy pre-approved by the Village Manager, no such related uniform expenses, including but not limited to clothing, shoes and cleaning, shall be paid by the Village.
- D. The employee shall be required to wear such uniform unless directed otherwise by the Village Manager or Department Head. Uniforms will be worn at all times during the scheduled work day with the shirt buttoned and tucked in. Uniforms that are worn out, torn, or heavily stained should be given to the uniform company for replacement.
- E. Employees shall not wear their Village uniform after or before work hours with the exception of commuting to and from home and work.

24-6. Personal Mail

Employees shall not have personal mail delivered to or in care of the Village, nor send mail out through Village postage meters.

24-7. Personal Changes

Employees are responsible for notifying their department head and or the Human Resources Department in writing regarding the following personal changes:

Mailing Address
Home/Cell Phone Number
Emergency Contact Information
Name Change
Email or Emergency Contact Update

Notification must occur within seven (7) calendar days of the change or within seven (7) calendar days after returning to duty from leave.

24-8. Right to Privacy

Village Employees do not have any expectation of privacy. Desks, lockers, Village vehicles, computers, equipment, phones, etc. are all subject to GPS tracking, search and inspection.

CHAPTER 25: EMERGENCY PROCEDURES

25-1. Declared Emergency

If, in the sole discretion of the Village Manager or designee, it is determined that civil emergency conditions exist, including, but not limited to, riots, civil disorders, economic crisis, wind storm/hurricane conditions, tornado, or other similar catastrophes, the Mayor or their designee may declare that a state of emergency exists, which shall be effective for seven (7) days, unless terminated earlier. A new declaration will be needed if the emergency extends beyond the initial seven (7) day declaration. During the time frame of the declaration of emergency, certain sections of the Policies and Procedures Manual along with any Collective Bargaining Agreements will be temporarily suspended by the Village Manager. This policy applies to all Village employees.

25-2. Command Structure

During the time of any declaration of emergency, the Village will partially or fully activate the “Village Emergency Management Plan” (VEMP). The Village Manager is the authority for disaster preparedness and response and the Village Engineer has the responsibility for coordinating the entire emergency management program on behalf of the Village Manager. The VEMP utilizes the concepts of the National Incident Management System (NIMS) and the Incident Command System (ICS). The Village Manager may make changes in the level of responsibility of the command structure as needed.

Staff positions have been designated within the ICS, as well as assigned and labeled A, B, or C for purposes of work schedule and EOC operation.

- A – Will report and remain at EOC during the event
- B – Will be required to report to EOC when travel and safety conditions permit
- C – Will be required to call EOC after the event has passed to receive direction

Employees assigned to the “A” category should realize the emergency may be several days or longer in duration, and as such, be prepared to remain in the EOC for a period of at least 72 hours. Employees are responsible for all their own personal provisions, toiletries, bedding, clothing, medication, etc. except for food and water which will be provided.

25-3. Emergency Work Procedures

Employees will be instructed by their Department Heads on any changes to normal operating procedures and or schedule changes. Employees should be prepared to report to work after and or during the declared emergency given the conditions are safe, feasible for travel, and before 3 p.m. Typically safe conditions for a wind, water or weather related event, would include times when winds are below tropical storm, 40 mph or less, travel is during daylight hours, and roadways are passable. If an employee is unable to report to work due to road obstruction, high water or some other issue preventing them from reporting to work, it is the responsibility of the employee to document the issue, using photos or video, and submit the documentation to their supervisor as soon as feasible. Should an employee who is instructed

to report to work refuse to do so, they may be subject to disciplinary action up to and including termination.

Work shifts during a declared event may last 12 hours, however, they may be adjusted based on the needs created by the event. Employees may be assigned or designated duties other than their regularly assigned job classification duties.

25-4. Emergency Phone Procedures

Once an emergency declaration has been made, two phone lines will be used for information purposes. Employees are responsible for calling the emergency employee number (561-753-1129), and checking the website to get the most up to date information regarding their employment and the state of events in the Village. General information for public use will be available on a separate phone line (561-753-1128), which will be announced at the time of the declared emergency. These lines will most likely have pre-recorded messages, therefore, personnel are directed to have alternate numbers by which to contact their direct supervisors.

25-5. Compensation during Declared Wind, Water or Weather Related Emergency Events

- A. All hourly, non-exempt employees will continue to get paid in accordance with FLSA for work completed and any overtime at time and one half their regular pay for all hours worked beyond 40 hours in any work. Assigned “A” group employees who report to the EOC will be paid for all hours spent at the EOC until they are relieved and able to go home. Non-exempt employees required to come in and work will be paid a rate of time and a half (OT) for all hours worked from the time the Village Manager determines the Village is closed for business and declared to be in “Emergency Operations” until the emergency is declared to be over and/or normal business operations resume. Employees who work overtime will be paid for the time in the next paycheck unless the supervisor is given a request from the employee to pay the hours as compensatory time pursuant to Chapter 7, section 7-2. All hours for preparation of an event, during and after an event are to be tracked and properly recorded by the supervisor with the specific assignment or duties assigned to the employee.
- B. In the event of an impending or declared disaster/emergency, the Village may direct employees to not report to work for their regular duty assignments. The Village Manager will determine whether employees who are directed not to report to work are paid. During this period, employees should monitor the employee emergency phone number, the web, cable channel and other media for information regarding work status.
- C. In the event an emergency forces the premature closing of our operations whereby employees are sent home for the remainder of their work day, the Village will pay affected employees for a full day of wages. Non-essential employees who would like to stay at home and not report to work before the official closing of operations will be required to request and get approved personal leave time and will not be paid for the closing of operations for that day of work.
- D. All exempt employees during the declared emergency period of time will be paid in the following manner. All time worked will be tracked starting from the day the emergency is declared until the emergency is declared to be over and/or normal business operations

resume. Time worked on official Village Holidays shall be counted in addition to holiday pay for the purpose of this section. For every seven (7) consecutive day period, hours worked in excess of forty-four (44) will be paid at the calculated hourly rate for the exempt person. When the declared emergency timeframe falls short of seven (7) consecutive days, the needed amount of days to make seven (7) shall be added in to complete the seven (7) day calculation period.

- E. Employees who are on a pre-approved personal leave/comp time, FMLA, worker's compensation, disability, military, jury duty, training, or bereavement will have that time processed in the normal manner.

25-6. Compensation for Declared Emergency Critical Event or Severe Economic Impact

- A. During a Declared Critical Event which results in the significant decrease or elimination of workforce, or a reduction/change in the services and facilities offered to the public, the Village Manager or their designee may declare a full or partial Emergency calling for altered work schedules, altered work locations, and altered compensation which will be referred to as "Relief Pay". The Village Manager has the authority to continually re-evaluate and alter schedules, positions and compensation as needed throughout the event. Relief Pay, referred hereafter as RP, will be applied unilaterally to all employees paid using this code, and will be decided on a case-by-case event. RP hours will not be counted toward the calculation of overtime. RP may change without notice throughout the event given changing circumstances.
- B. The Incident Commander and the Village Manager will make determinations regarding what essential and non-essential staff are needed to keep the determined level of operations running to provide a minimum level of service. Change of designation from non-essential to essential or vice versa, and position duty changes may be done without notice to meet the needs of the Village. Staff sent home are to be on standby and ready to report to work within twenty-four (24) hours of notification of having to report.
- C. Once staffing levels are determined, permanent, full time, non-essential, non-exempt and exempt staff will be sent home and paid RP. During the period of time in which non-essential staff are sent home, personal leave time may be used to increase pay to 100%.
- D. Essential permanent, full time, non-exempt and exempt staff who will continue to work either from a remote location or at an assigned Village location, will be paid at 100% of normal base wages.
- E. Permanent, part time staff, if sent home, will be paid RP based on an average number of hours worked in the prior six (6) month period.
- F. This policy is in no way to diminish, waiver or superseded any Federal or State mandatory pay policy which may be implemented. The RP will be adjusted accordingly to comply with Federal Wage and Labor, FL Minimum wage, and any other mandated wage regulation implemented during the declared event. Personnel who are out receiving RP will not be eligible for short term disability benefits while paid RP. Personnel who get paid under FMLA will be paid accordingly with all protections afforded to them under the act.

CHAPTER 26: REMOTE WORK

26-1. Definition

- A. Remote Work, is work that may be established and directed in response to an environmental, emergency, or temporary employee issue to the extent practical for the employee and the Village. All remote work arrangements are made on a case by case basis, focusing on the business needs of the Village first. The Village, at its sole discretion, may determine that some positions are not eligible for remote work based on the job responsibilities. Remote work employees are subject to the same rules, policies and procedures as other employees in the same position or who are not assigned to remote work.
- B. Such work is temporary and identified through management to determine the feasibility of an employee working productively from home or in a satellite location for all or part of their regular workweek. Remote work is a voluntary work alternative that may be appropriate for some employees and some positions. It is not an entitlement nor a Village wide benefit, and in no way changes the terms and conditions of employment with the Village.
- C. Remote Work will not adversely affect an employee's eligibility for advancement or any other employee right or benefit. Remote Work is not intended to permanently replace the employee's current worksite.
- D. Pursuant to Chapter 18, section 18-4., subsection A and B., "Employees, and anyone with access to Village private network, are responsible for all activities on their Village issued user ID. The Village will retain ownership of all physical devices, applications, and data transmitted, received, or stored on Village private network systems. As such, there is no expectation of privacy when using any of the Village voice-data systems". "...The Village reserves the right to monitor end-user network activities, audit, and disclose all matters, sent, received, or stored on Village systems, without notice. All communications should be regarded as "on the record and attributable to the user".

26-2. Approval Guidelines

- A. Under no circumstances are employees permitted to substitute reporting to work at a Village facility/building with working from home without prior permission from the Village Manager. Any attempt to do so, with or without reporting such time, may result in disciplinary action. Before granting permission for remote work, Department Heads need to submit the specific work to be performed and the projected amount of time expected. The Department Head should consider if the work at home will cause a non-exempt employee to work enough hours per day or week to become eligible for overtime under federal and state law before granting permission.
- B. Employees requesting remote work arrangements cannot be probationary, not be on a formal Performance Improvement Plan in the last twelve (12) months of employment, and will have scored an above average performance on the most recent performance evaluation. For certain positions and in certain instances, the Village Manager may change or eliminate the requirements on a case by case basis. Any remote work

arrangement made may be discontinued at any time at the request of either the employee or the Village. Every effort will be made to provide seventy-two (72) hours notice of such a change to accommodate commuting, child care and other problems that may arise from such a change. There may be instances, however, where shorter notice of twenty-four (24) hours or less, or no notice is possible.

- C. Before entering into any remote work agreement, the employee, supervisor/manager, department head, with the assistance of the human resource department if requested, will evaluate the suitability of such an arrangement paying particular attention to the following areas:
1. Employee Suitability - the employee and manager will assess the needs and work habits of the employee. The following are some standards:
 - a. The employee's motivation, initiative and judgement are all factors to consider. Has the employee been fully trained in their work duties and meets all current productivity standards? Can the employee work alone for extended periods?
 2. Job Responsibilities - the employee and manager will discuss the job responsibilities and determine if the job is appropriate for a remote work.
 - a. Are face-to-face interactions required and can they be scheduled and or minimized using virtual technology.
 - b. Will needs of internal and external customers be satisfied from an alternate work location?
 - c. Can workflow be scheduled, and different tasks be allocated to be completed on remote work days vs office days?
 3. Equipment - Information will be supplied by the employee and the supervisor to determine the appropriate equipment needs (including hardware, software, modems, phone and data lines, facsimile equipment or software, photocopiers, etc.) for each remote work arrangement on a case-by-case basis. Is the need for specialized equipment minimal or flexible or does it require multiple pieces of equipment?
 4. Tax and other legal implications for the business use of the employee's home based on IRS and state and local government restrictions.
 5. Responsibility for fulfilling all obligations of the remote work agreement rests solely with the employee.
 6. Upon approval of remote work from the Village Manager, the employee must sign and abide by the Remote Work Agreement if the remote work time frame is for a period longer than 48 hours. The employee and supervisor must plan with co-workers how workflow issues will be addressed while working remotely, such as phone calls, e-mail and meetings. The employee must be available by phone, text, e-mail and other means as applicable during specified working hours. The employee must be available for on-site meetings deemed necessary by management.

26-3. Employee Responsibilities

- A. Remote work is not designed to be a replacement for appropriate child care. Although an individual employee's schedule may be modified to accommodate child care needs, the focus of the arrangement must remain on job performance and meeting business demands. Prospective employees being considered for remote work are encouraged to discuss expectations of remote work with family members prior to entering into a trial period.
- B. Evaluation of remote work performance during the trial period may include daily interaction between the employee and the supervisor, as well as weekly face-to-face meetings to discuss work progress and problems. At the conclusion of the trial period the employee and manager may each complete an evaluation of the arrangement and make recommendations for continuance or modifications. Evaluation of remote work performance beyond the trial period will be consistent with that received by employees working at the office in both content and frequency but will focus on work output and completion of objectives rather than time-based performance. If face-to-face meetings are required, commuting costs will not be covered by the Village.
- C. Exempt employees approved for Remote Work are expected to work the hours necessary for the successful completion of their work obligations.
- D. Employees must have a personal phone number available and agree to have their work phone line forwarded to it for work purposes.
- E. Employees will check Village Voice mail at least once every 24 hours while working remotely.

26-4. Equipment and Work Space

- A. Equipment supplied by the Village will be maintained and support provided for it from the Village. Equipment supplied by the employee, if deemed appropriate and approved by the Village, will be maintained by the employee. The Village accepts no responsibility for damage or repairs to employee-owned equipment. The Village reserves the right to make determinations as to appropriate equipment, subject to change at any time.
- B. Equipment supplied by the Village is to be used for business purposes only. The employee will sign an inventory of all Village property and agrees to take appropriate action to protect the items from damage or theft. An employee that fails to protect Village equipment from damage or theft will be subject to corrective action up to and including termination of employment. Upon termination of employment all Village property will be returned to the Village. Insurance may be required if shipping via overnight or ground service.
- C. Consistent with the Village's policies on information security for employees working at the office, remote work employees will be expected to ensure the protection of Village and work information stored or accessible from their home office. All of the Village's Security and public record policies and procedures will extend to the employee's home and are hereby incorporated by reference into the remote work policy. Security and privacy safeguards implemented by the employee shall include but are not limited to,

satisfactory completion of privacy and security training as necessary from time to time, use of locked file cabinets and desks, regular password maintenance, shredding and disposal of confidential information and any other steps appropriate for the job and the environment. If the Village has reasonable cause to suspect that an employee is not making best efforts to secure the information described herein, the Village reserves the right, at its sole discretion, to conduct an unannounced audit of the employee's remote workspace.

- D. The employee will establish an appropriate work environment within their home or satellite location for work purposes. The work area should be quiet and free of distractions. A desk or dedicated work space must be adequate and designed to safely accommodate the equipment the employee will be using. The Village will not be responsible for costs associated with initial setup of the employee's home office such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space. Additionally, the Village is not responsible for wireless access or internet costs. The employee may have to use their home phone or personal cell phone to perform work from a remote location. The Village will not reimburse for costs associated to connection fees, or be responsible for the equipment associated to remote work access such as a modem.
- E. After equipment has been delivered, a designated representative of the Village may visit the employee's alternate work site to inspect for possible work hazards and suggest modifications. Repeat inspections may occur on an as-needed basis. Employees leaving the alternate work site will be considered, "off the clock" unless asked to report to an alternate work location or attend a meeting which requires travel. If the employee is involved in any accident or injury while an active remote work agreement is in effect, the accident or injury will be investigated on a case by case basis, however, the accident or injury must arise out of the course and scope of work performed directly related to your employment. Accidents such as slip, trip, falls, muscle strains, or equipment failure, such as chair or desk, are not the responsibility of the Village and the Village will accept no liability under Worker's Compensation or the Village's Property and Liability policies. The employee waives and releases the Village of any and all claims from the use of a remote or alternate work location.
- F. The Village will supply the employee with appropriate office supplies (pens, paper, etc.) for successful completion of job responsibilities. The Village will also reimburse the employee for all other business-related expenses such as long distance phone calls, shipping costs, printer cartridges, paper usage, etc. that are reasonably incurred in accordance with job responsibilities. Employees must coordinate and use the Village supplies when reasonable. Personal equipment for Village use is limited and must be approved by your manager and IT. The Village is not responsible for insuring any equipment in your home, and if personal equipment breaks while performing Village work, the Village is not responsible. All reimbursable expenses must be approved by the manager in advance. Travel or mileage costs are to be submitted on the appropriate Finance forms.
- G. At the end of the remote work arrangement, all equipment and Village property must be returned to the Village within seven (7) calendar days. Specific arrangements for the return of company property will be discussed with the employee, manager, and Human Resources.

26-5. Work and Documentation

- A. The employee and manager will agree on the number of days of remote work allowed each week, the work schedule the employee will customarily maintain, and the manner and frequency of communication. The employee agrees to be accessible by phone or e-mail within a thirty (30) minute time period during the agreed upon work schedule.
- B. Remote work employees who are not exempt from the overtime requirements of the Fair Labor Standards Act will be required to record all hours worked in a manner designated by the Village. Remote work employees will be held to the same high standard of compliance as office-based employees. Hours worked in excess of those specified per day and per work week, in accordance with state and federal requirements will require the advance approval of the supervisor. Failure to comply with this requirement can result in the immediate cessation of the teleworking agreement.
- C. Employees entering into a remote work agreement may be required to forfeit a dedicated personal office space, workstation and PC at the corporate office site in favor of a shared arrangement to maximize Village office space needs.

CHAPTER 27: SOCIAL MEDIA POSTING AND USE

27-1. Purpose and Definitions

- A. The Village of Royal Palm Beach (Village) has a business need to augment traditional communication methods with the use of social media channels. This need primarily stems from public demand and the rapid growth of social media use by other local, state and federal government entities as an indication that social media can be used effectively to enhance constituent communications. However, the use of social media presents opportunity and risk to individual agencies and departments, as well as the Village as a whole.

In general, the Village supports the use of social media technology to enhance communication, collaboration and information exchange to meet the Village's mission and goals. The Village recognizes the public's need and/or desire to receive information in a timely manner and the value of communicating with residents. The Village respects the right of any employee to maintain a personal blog, web page, or to participate in social networking. This policy is not intended to address an employee's personal decision to engage in social networking, or in maintaining a blog. This policy establishes procedures and guidelines for the use of social media and social media tools for the Village. Compliance with these guidelines will allow the Village to enhance customer service, educate citizens, and create an elevated level of communication overall.

- B. Nothing in this policy is intended to conflict with any federal, state or local laws. This policy is not intended to limit employees' rights regarding "protected concerted activity" as defined under the National Labor Relations Act (NLRA), the Public Employee Relations Act (PERC), or the First Amendment. Employees with any questions regarding this policy should consult with their supervisor or the Human Resources Department as a violation of this policy may result in disciplinary action, up to and including termination.

C. Definitions

For the purpose of this policy, the following definitions apply:

1. **Social Media Administrator** shall mean the Village Clerk, who shall have oversight, control, and overriding authority of any Authorized User.
2. **Authorized User** shall mean the Public Information Specialist and/or anyone authorized by the Village Manager or executed contract to establish, create, edit, or maintain any social media account that represents, or is acting on behalf of, official Village business.

6. **Social Media** refers to various forms of internet-based, user-created content covered by this policy such as social networks, web and smart phone applications, blogs, photo and video sharing, podcasts, message boards, and online forums. Technologies include, but are not limited to, picture and video sharing, email, and instant messaging. Authorized User shall not change login credentials without proper authorization granted from the Social Media Administrator or I.S. Director.
8. **Terms of Use Agreement** shall mean the agreement conspicuously posted to Village Social Media Accounts defining the rules for the use of Village Social Media Accounts.

27-2. Appropriate Use of Village Social Media Accounts

- A. An Authorized User who is officially representing the Village through social media outlets or participating in social media features on Village websites must maintain a high level of ethical conduct and professional decorum. Failure to do so is grounds for revoking the privilege to participate in Village social media sites, blogs, or other social media features, as well as possible disciplinary action. An Authorized User must recognize that the content and messages posted on social media websites are public and are viewed as official Village statements. Social media should not be used to circumvent other Village communication policies, including news media policy requirements.
- B. There is to be one (1) official “Parent” Social Media Account for each specific media platform for the Village. If there are multiple parent accounts, Social Media Administrator approval is required.

- D. Social Media Accounts that represent the Village are never to be created in a person or employee’s name, unless doing so is a requirement to create the account.
- E. Information posted to Village Social Media Accounts must be presented following professional standards for proper grammar, spelling, brevity, clarity and accuracy, and to avoid jargon, obscure terminology, or acronyms.
- F. Social Media Accounts are not monitored 24/7. As such, posts requiring emergency assistance should be directed to local 911.

27-3. Official Guidelines for Village Posting

- A. The Village will strive to post accurate and relevant information, but does not guarantee accuracy of any information posted on its social media sites, and assumes

no liability for damages resulting from the reliance of this information. Incorrect information will be removed or corrected in a timely manner once the Village is made aware of any deficiencies.

B. Posts should contain a visual that complements the information if relevant to the content. Visuals must be high-resolution or high-quality photos, videos, or graphics.

C. Information must be short, clear, and concise. If the post is marketing an event, activity, or any major change within the Village, there should always be a link to more information included. When possible, Social Media Accounts should link back to www.royalpalmbeachfl.gov.

Examples of typical post-worthy materials include but are not limited to:

D. Posts are to be mindful of grammar and spelling. Keep social media abbreviations and slang to a minimum. The main priority is to communicate as much information as possible to our audience.

E. Posts initiated by the Authorized User (including screen names/images/profile photos/avatars/e-mail addresses) that contain any of the following shall not be allowed:

1. Content, comments, or confidential information that could compromise individuals, the public or public systems.
2. Invasion of an individual's right to privacy;
3. Conduct or comments that promote/encourage illegal activity or posting of material that violates trademarks or copyrighted imagery, graphics or videos;
4. Partisan political views or promotions/endorsements of political campaigns or candidates, or ballot measures;
5. Hate Speech, Comments, or personal attacks intended to defame any one person, group, or organization, or accusations of criminal conduct or immoral activity. 27-4. First Amendment Compliance

- A. The Village is not liable for content posted to the Village’s Social Media Accounts by persons other than approved Authorized Users of the Village given the authority to post on behalf of the Village. The Village does not necessarily endorse, support, sanction, encourage, verify or agree with third party comments, messages, posts, opinions, advertisements, videos, promoted events, external hyperlinks, linked websites (or the information, products or services contained therein), statements, commercial products, processes or services posted on any social media site. A “Terms of Use Agreement” shall be conspicuously posted on all official Village accounts.
- B. Where two-way interaction is granted, unavoidable, or non-voluntary on Social Media Accounts, the following rules shall apply:
 1. The Village’s Social Media Accounts serve as a limited public forum and all content published is subject to preservation and disclosure in accordance to Florida’s Public Records Law (Chapter 119, Florida Statutes). Public records requests made through Social Media Accounts are to be re-directed to the Village Clerk for appropriate response;
 2. The Village reserves the right, but is not obligated to, restrict or remove any content deemed in violation of the “Terms of Use Agreement”, this social media policy, or any applicable law. The originator of the post in violation will be notified of the violation, and the post will be deleted or removed from public view. At the discretion of the Social Media Administrator, the user may be banned or blocked from future posting privileges. Any content that is removed may also be considered “public record” and will be archived as required by law.
 3. With approval of the Social Media Administrator or IS Director, a follower’s comment may be deleted or hidden from any Social Media Account by the Social Media Administrator, IS Director, or Authorized User if the comment contains:
 - a. Content not directly related to the posted topic, including random or unintelligible comments.
 - b. True, direct threats: if the comment is a threat against someone’s life and a law enforcement officer could charge the commenter with a crime, it is

considered an actual threat. Comments or posts intended to compromise the safety or security of the public or public system will be removed. Threats are not protected by the First Amendment.

- c. Blackmail: Blackmail is not protected by the First Amendment.
- d. Defamation: Defamation is defined as a false statement that harms another person's reputation. Slander and libel are different types of defamation: libel generally refers to something you wrote, slander to something you said. If something is said or published that is false and harms the reputation of a public figure (IE: a politician) to succeed in the defamation claim, we – the government – would need to be able to prove they acted with actual malice and knew the statement was false.
- e. The First Amendment protects pornography from government censorship unless it is obscene. Whether something is obscene depends on contemporary community standards and whether it has any literary, artistic, political, or scientific value. Nudity alone is not enough to make something obscene.
- f. Child Pornography: Child Pornography is not protected by the First Amendment.
- g. Obscenity: Obscenity is famously hard to define, but in general refers to content that strongly offends the prevalent morality of the time. The actual legal definition of obscenity follows these guidelines set up by the Supreme Court:
 - i. Would the average person, applying contemporary community standards, find that the work – taken as a whole – appeals to the prurient “interest” (meaning a morbid, degrading and unhealthy interest in sex)?
 - ii. Does the work depict or describe, in a clearly offensive way, an act of sexual conduct?
 - iii. Does the work, taken as a whole, lack any serious literary, artistic, political, or scientific value?
- h. Use of copyrighted work or posts that violates copyright/trademarks of others;
- i. Posts that incite Imminent Lawless Action: The First Amendment does not protect speech that leads to imminent lawless action:

27-5. Americans with Disabilities Act (“ADA”) Compliance for Social Media Accounts

- A. When social media is broadly used, all available accessibility supported features of the platform should be utilized. These guidelines are not applicable when reposting or sharing content that is published by other entities. When social media platforms allow for alternative text descriptions on images, the Village must provide meaningful alternative text descriptions so that users of screen readers can have the image described to them. Also, the Village must provide ways for screen readers to ignore images that are used for decoration.
- B. Best Practices:
 1. Alt Text should always describe the contents of an image in as much detail as possible. The more specific you can be when describing the image, the better.
 2. Do not use the word “graphic” or “image” in the description (“image of a running dog”) as the screen reader already takes care of it.
 3. Keep the descriptions short and concise; roughly 140 characters or less.
 4. Change the name of the image so the name is that of what the image is. (IE: change IMG0021.jpg to “basket_of_kittes.jpg”)
 5. Use an empty alt for decorative images like spacers or uninformative backgrounds (alt=”) to tell screen readers to completely ignore the image. Note that this empty alt must be present, or the screen reader will read the filename on character at a time.

6. Closed Captioning for all videos. For video content, you should provide captions of the audio for the benefit of those without hearing, who are hard-of-hearing, and who are non-native speakers. Captions can be either closed captions (where a user can turn them on or off) or open captions (where the text is embedded into the video and cannot be turned on or off).

C. Closed vs. Open Captions

Closed captions are captions that can be turned on or off by the user. If a user turns them on, by pressing the CC button, the video player overlays and synchronizes the captions. Closed captions are preferred for accessibility since users can customize the size, placement, font, and color of the text, or divert the captions to a braille display.

Not all video streaming tools and platforms accept closed captions. In such cases, you should use open captions or link to a captioned copy of the video. Open captions are captions that are integrated into the video itself. They cannot be removed or turned off. Open captions are most useful when the video will be used on a platform that cannot accept closed captions.

27-6. Records Retention

- A. Social Media Accounts contain communications sent to or received by the Village and its employees, and such communications are therefore public records subject to Florida Statutes, Chapters 119. Retention requirements apply regardless of the form of the record (e.g: digital text, photos, audio, and video). All users of social media sites are subject to the site's privacy policies and therefore, the Village has no control over a third party's privacy policies or modifications to those policies.
- B. The IS Department will be responsible for preserving records pursuant to the relevant records retention schedule, GS1-SL State and Local Government Agencies, for the required retention period in a format that preserves the integrity of the original record and is easily accessible. Furthermore, retention of social media records shall be in accordance with the following:
 1. Social media records sites are captured in real time and archived in its original format to minimize a potential loss of data due to deletion and/or changes on the social media site.
 2. Social media records are archived in a system that preserves the context of communications, including rich media, to ensure completeness and availability of relevant information when records are accessed.
 3. Social media records are searchable by date, content, type or other specific criteria for ease of retrieval, and produced in appropriate format for distribution.
 4. The Authorized User shall have search and retrieval only access to social media archives for the sole purpose of retrieval of social media records to fulfill public record and legal discovery requests as needed.
 5. To comply with applicable public records law and fulfill the above records retention requirements, the Village shall ensure that all social media post/changes, to include posts to Village's website, are captured in real time and archived.

27-7. Controversial Topics

The goal of the Village is not to become involved in any controversial topics or debates. However, there are times when it may be necessary to post factual information concerning perceived controversial topics. When such posts are necessary, each post must be approved in advance (prior to posting) by the Village Manager.

27-8. Sharing/Re-Tweeting

If another site is posting information that the Village would like to share with our followers, it is preferable to Share, Re-Tweet, “Favorite” or Link to the site, rather than to copy and paste. The Village may not always be able to independently verify the information so allowing the other site to remain the source is preferred. When copying and pasting information from another social media site or website be sure to give them credit somewhere in the post. The same is true of copied photos, always give credit to the source of the photo.

27-9. Logos

Approved Village and Department logos are encouraged to be used in the Social Media Account’s avatar, profile picture, and banner. It should be clear to the public that the Social Media Account is a Village operated site. No official Village or Department logos may be used in unapproved sites.

27-10. Personal Accounts

Employees wishing to utilize any social media platform are prohibited from connecting their work-issued Village email to the platform or otherwise giving the impression they are representing the Village.

Village employees in their official capacities are prohibited from posting on a Village Social Media Account as it relates to official Village business. Village employees may “like” or comment on Village Social Media Accounts so long as they are not doing so in the capacity of their official Village position.
