Agenda Item Summary

Agenda Item:

PUBLIC HEARING FOR SECOND READING AND ADOPTION OF ORDINANCE NO. 1068, AMENDING CHAPTER 5. ANIMALS. OF THE VILLAGE CODE OF ORDINANCES AT SEC. 5.1 TO ADD SELECT DEFINITIONS AND TO CREATE ENTIRELY NEW SEC. 5-18. GENERAL NUISANCES AND HABITUAL NUISANCES CAUSED BY ANIMALS. TO ADDRESS NUISANCES CAUSED BY THE KEEPING OR FEEDING OF WILDLIFE WITHIN THE VILLAGE. BY COMMUNITY DEVELOPMENT DIRECTOR.

Issue:

Currently, Chapter 5 of the Village Code regulates animals within the Village. However, the Village Code does not currently address the feeding of wildlife within the Village, or the nuisances created by such activity. Instances of wildlife feeding have become more prevalent in the Village leading to complaints from residents to Village Staff.

In response, Village Staff has reviewed similar regulations from other jurisdictions and has proposed to update Chapter 5 to add specific definitions and to prohibit the keeping or feeding of wildlife within the Village in certain circumstances to eliminate the nuisance created by such activity. Specifically, Ordinance No. 1068 proposes to:

- Amend Sec. 5-1 of Village Code in order to add definitions for the terms “animal”, “habitually or habitual nuisance”, “nuisance” and “wild animal”; and
- Create entirely new Sec. 5-18. General nuisances and habitual nuisances caused by animals. which:
 - Prohibits the keeping of animals on a property in a manner that causes a nuisance; creates unsanitary conditions; is a source of infestation by insects or rodents; creates physical conditions that endanger the health or safety of humans or other animals, that are detrimental to property values, or that tend to degrade the appearance of a neighborhood.
 - Prohibits a person from maintaining or feeding any animal, domesticated or wild, in such manner that it: creates a nuisance; creates unsanitary conditions; is a source of infestation by insects or rodents; or creates physical conditions that endanger the health or safety of humans, that are detrimental to property values, or that tend to degrade the appearance of a neighborhood.
 - Prohibits the owner or person(s) in care and control of an animal from permitting the animal to destroy or damage the property of another.

- Allows, on Village-owned property and within the public rights-of-way, the Village to remove, or contract for removal by an appropriate entity, any such nuisance animals as authorized under applicable state law and regulations.
- Provides for enforcement of the above prohibitions through the Supplemental Village Code Enforcement Procedures set forth in Chapter 2, Article V, Division 2 of the Village Code.
- Allows for the imposition of monetary fines/penalties for these civil infractions as set by resolution of the Village Council, not to exceed a maximum civil penalty of \$500.00.
- Allows, for violations presenting a serious threat to the public health, safety and welfare, abatement by the Village pursuant to Chapter 2, Article V, Division 1 of the Village Code.

With regard to citations, this proposed ordinance allows the Village to utilize the civil citation method to address violations (as opposed to the special magistrate process normally used for code enforcement violations).

Under the proposed ordinance, a civil citation may be issued to the owner or any person having custody of an animal for violation of this section when the Village has received at least one (1) sworn affidavit from a resident which attests to the animal having committed a nuisance pursuant to this section or when the nuisance is witnessed by a code enforcement officer or an officer of the Palm Beach County Sheriff's Office.

Note that Sec. 162.21, F.S., which governs the supplemental code enforcement process, requires that prior to issuing a citation, a code enforcement officer shall provide notice to the person that they have committed a violation of the ordinance and establish a reasonable time period within which to correct the violation (no more than 30 days). A code enforcement officer does not have to provide the person with a reasonable time period to correct the violation prior to issuing a citation and may immediately issue a citation if a repeat violation is found or if the code enforcement officer has reason to believe that the violation presents a serious threat to the public health, safety, or welfare, or if the violation is irreparable or irreversible.

Civil citations issued under proposed Ordinance No. 1068, like any other citation issued using the supplemental code enforcement process, get deposited with the county court and have to be prosecuted by the Village Attorney in county court if unpaid or otherwise contested or appealed.

The Village Council considered Ordinance No. 1058 on first reading on December 18, 2025, and recommended Approval by a vote of 5-0.

Recommended Action:

Upon Council review, staff recommends a motion to approve Ordinance No. 1068 on second reading.
