Village Council
Agenda Item Summary**

Agenda Item:

PUBLIC HEARING TO CONSIDER VARIANCE APPLICATION 21-81 (SVAR), AN APPLICATION BY GLEN WELDEN & ASSOCIATES LLC, THE APPLICANT IS REQUESTING A VARIANCE FROM SECTION 20-60 TO ALLOW FOR A 198.33 SQUARE FOOT WALL SIGN WHERE VILLAGE CODE ALLOWS A MAXIMUM OF 90 SQUARE FEET AND A 14.94 SQUARE FOOT CABINET SIGN WHERE VILLAGE CODE PROHIBITS CABINET SIGN IN EXCESS OF 10 SQUARE FEET, FOR A PROPERTY LOCATED AT 390 S. STATE ROAD 7.

Issue:

The Applicant is requesting a Variance from Section 20-60 to allow for a 198.33 square foot wall sign where Village Code allows a maximum of 90 square feet for the subject building frontage. Section 20-60 (4), which regulates signs permitted in the General Commercial (CG) district, states that “the allowable front wall sign area for each building shall not exceed one (1) square foot per linear foot of the front length of the building.” As the building frontage is 90 feet, the maximum sign area allowed is 90 square feet.

A Variance is also requested to allow for a 14.94 square foot cabinet sign where Village Code prohibits cabinet signs in excess of 10 square feet. Please refer to **Attachment A** for an illustration of the proposed sign and building length.

The Applicant asserts that: City Mattress has the same basic facade area as the other “In-Line” tenants yet is penalized with a significantly smaller wall mounted identity due to the restrictions imposed by the current sign code. Coupled with the 1,818 foot (1/4 mile) setback from State Road 7 and is obscured by landscaping and the outparcel building for most of the viewable frontage; and the sign is virtually invisible to the traveling public.

Village Code Sec. 26-32 (f) (6) allows the Village Council to grant variances to the code when:

- Special conditions and circumstances exist which are not applicable to other lands in the same zoning district;
- Special conditions do not result from the actions of the Applicant;

- Granting the variance will not confer on the Applicant special privileges that are denied to other lands in the same zoning district;
- The literal interpretation of the Code would deprive the Applicant the rights enjoyed by other lands in the same zoning district;
- The variance requested is the minimum variance that will make possible the reasonable use of the property;
- The variance will be in harmony with the general intent and purpose of the Zoning Code; and
- Such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

Based on the information provided, Village Staff does not support the two (2) variance requests as the granting of the request would confer special privileges denied to other businesses in similar circumstances, no special conditions and circumstances are applicable to the subject property, and the request is needed due to actions of the applicant in desiring a larger sign area than allowed. Given the applicable regulations, a sign proportional to the tenant space could be accommodated on the building frontage without the grant of the requested variances. It is important to note that the distance from State Road 7 is approximately 500 feet or 0.1 miles.

The Planning and Zoning Commission considered the application on June 14, 2022, and recommended denial by a vote of 4-0.

The Village Council considered the application on July 14, 2022 and, at the request of the applicant, voted 5-0 to postpone consideration of this application to the time certain date of August 18, 2022 at 6:30 pm to allow the applicant the opportunity to submit his digital presentation to the Village prior to the Council meeting for presentation to Village Council.

Recommended Action:

Staff is recommending Denial of Application No. 21-81 (SVAR) and Variance Order VC-22-08.
