### **III. Intent of Petition:**

The Applicant is seeking to Rezone ten (10) tracts totaling approximately 31.846± acres of land from Village's General Commercial (CG) Zoning District to the Village's Mixed Use Social Center Zoning District and for five (5) tracts of land totaling 9.289± acres from Palm Beach County's Agricultural Residential (AR) Zoning District to the Village's Mixed Use Social Center (MXS) Zoning District, located on the south side of Southern Boulevard approximately 0.27 miles west of State Road 7.

#### **IV. History:**

The subject property is located on the south side of Southern Boulevard and west of State Road 7. The parcels are contiguous to the Village boundary on the north and south sides and adjacent to Wellington's boundary on the west side. The properties were recently annexed into the Village Boundary by adoption of Ordinances 918 and 919 by the Village Council on September 17, 2015 and September 3, 2015, respectively. These properties were given a Commercial (COM) Land Use Designation and General Commercial (CG) Zoning Designation in 2019. The Village Council on September 18, 2022 adopted Ordinance No. 1028 in order to amend the Village's Comprehensive Plan's Future Land Use Element to add an entirely new *Mixed Use Social Center (MXS)* Land Use Designation. The intent of the amendment was to create a Future Land Use Designation that allows for "innovative, and urban mixed use developments that provide integrated, vibrant, compatible, and complimentary uses within a single development." The Village Council on December 15, 2022 approved and adopted on second reading Ordinance No. 1027 which amend the Village's Zoning Code to add an entirely new *Mixed Use Social Center (MXS)* Zoning District.

#### **V. Analysis:**

The Applicant is seeking to Rezone ten (10) tracts totaling approximately 31.846± acres of land from Village's General Commercial (CG) Zoning District to the Village's Mixed Use Social Center Zoning District and for five (5) tracts of land totaling 9.289± acres from Palm Beach County's Agricultural Residential Zoning District to the Village's Mixed Use Social Center (MXS) Zoning District, located on the south side of Southern Boulevard approximately 0.27 miles west of State Road 7.

In reviewing the proposed Rezoning of the parcels to the Village's Mixed Use Social Center Zoning District, Village Staff considered compatibility with adjacent land uses, consistency with the Village's Comprehensive Plan and conformance with the Mixed Use Social Center development standards on Section 26-95. Village Staff also considered Pod 6 in relation to the overall proposed Master Plan for this this area. The proposed Master Plan is provided in **Attachment B** for your reference to give the Applicant's overall vision for this area and relation of Pod 6 to the other applications relating to this area.

The Applicant asserts that the proposed Rezoning is consistent with the Village of Royal Palm Beach's Comprehensive Plan and Section 26-32 (f) (3) b. The Applicant has provided a narrative demonstrating consistency with Section 26-32 (f) (3) b. of the Village's Code of Ordinances and they are as follows:

#### **Consistency with Section 26-32 (f) (3) b.**

1. *If the action requested will contribute to a condition of public hazard as described in the sanitary sewer, solid waste, drainage, and potable water sub elements of the comprehensive plan;*

The action requested is consistent with the Level of Standards for infrastructure and required services. Service capacity has been confirmed and infrastructure needed to serve the new development will be in place prior to or provided concurrently with development of the subject site. The action requested will not contribute to a condition of public hazard.

2. *If action requested will exacerbate any existing public facility capacity deficits as described in the traffic circulations elements; sanitary sewer, solid waste, drainage, portable water element and recreation and open space element of the comprehensive plan.*

*Traffic Circulation Element* – Traffic Circulation Element- As discussed previously in this statement, a Traffic Analysis has been undertaken for the site to determine compliance with the County's Traffic Performance Standards (TPS). The analysis includes evaluations of significantly impacted roadways and intersections.

**Staff Comment:** A Traffic Performance Standards Letter has been issued by Palm Beach County's Department of Engineering and Public Works. Based on the review, the Traffic Division has determined that the proposed development **MEETS** the Traffic Performance Standards (TPS) of Palm Beach County, subject to the following conditions:

1. No Building Permits for the site may be issued after December 31, 2025. A time extension for this condition may be approved by the County Engineer based upon an approved Traffic Study which complies with Mandatory Traffic Performance Standards in place at the time of the request. This extension request shall be made pursuant to the requirements of Art. 2.E of the Unified Land Development Code.
2. Building Permits for more than 381 inbound AM trips shall not be issued until the Property Owner/Developer makes a proportionate share payment of the overall construction cost of widening of the following roadways:
  - a. 13.2% of the cost of widening Southern Blvd from Big Blue Trace to Palms West Pkwy (EB) from 6 lanes divided to 8 lanes divided.
  - b. 13.2% of the cost of widening Southern Blvd from Palms West Pkwy to Forest Hill Blvd (EB) from 6 lanes divided to 8 lanes divided.
  - c. 17.4% of the cost of widening Southern Blvd from Royal Palm Beach to Lamstein Lane (EB) from 8 lanes divided to 8+ lanes divided.
  - d. 25.3% of the cost of widening Southern Blvd from Lamstein Lane to 103rd Road (EB) from 8 lanes divided to 8+ lanes divided.
3. No Certificate of Occupancy shall be issued until the Property Owner/Developer completes construction of the Access Road connecting SR- 80 and SR-7 through the property. Note that this roadway shall always be open to the public with no impediments to travel between SR-80 and SR-7.
4. No Certificate of Occupancy shall be issued until the Property Owner/Developer completes conversion of the directional opening on SR-7 at Lowe's Road to a full signalized intersection as approved by FDOT
5. The Property Owner/Developer shall fund the cost of signal installation, if warranted as determined by the FOOT/County Engineer, at Lowes restricted median opening at SR-7. Signalization shall be a mast arm structure installation. The cost of signalization shall also include all design costs and any required utility relocation and right of way or easement acquisition.

- a. Building Permits shall not be issued until the developer provides acceptable surety to the Traffic Division in an amount as determined by the Director of the Traffic Division.
- b. In order to request release of the surety for the traffic signal at the above intersection, the Property Owner/Developer shall provide written notice to the Traffic Division stating that the final certificate of occupancy for the overall Village Royale Masterplan has been issued and requesting that a signal warrant study be conducted at the intersection. The Traffic Division shall have 24 months from receipt of this notice to either draw upon the monies to construct the traffic signal or release the monies. In the event that the property is sold, the surety may be returned once the Traffic Division receives written documentation of the sale and a replacement surety has been provided to the Traffic Division by the new Property Owner.

*Sanitary sewer* - Pod 6 is serviced by the Village of Wellington and per the confirmation received from Village of Wellington on August 1, 2022, capacity is available and consistent with this policy.

*Solid Waste* - Solid waste services are contracted by the Village of Royal Palm Beach for all properties located within the Village. The project will be serviced by the solid waste provide for solid waste services.

*Drainage* – As stated earlier in heading in this report under the heading *Policy PW-1.2.2*, a letter from licensed engineer Adam Swaney of Engenuity Group and dated July 7, 2022 confirms that the drainage design will address the drainage demands for the subject site in compliance with the Village requirements. The site has legal positive outfall to the LWDD's S-4 canal.

*Potable Water* - Pod 6 is serviced by the Village of Wellington and per the confirmation received from Village of Wellington on August 1, 2022, capacity is available and consistent with this policy.

*Recreation and Open Space* - The proposed Rezoning will not exacerbate any existing recreation or open space deficits. Any Site Plan proposed utilizing the MXS Zoning Designation will be required to meet minimum recreation and open space standards set forth in the Village Code and Comprehensive Plan.

*School Concurrency* – The Applicant has received a School Capacity Availability Determination (SCAD) letter which states: “Based on the findings and evaluation of the proposed development, there will be a negative impact on the public-school system. Therefore, if the proposed development is approved by Village Council, School District Staff recommends the following condition to mitigate such impacts: In order to address the school capacity deficiency generated by this proposed development at the District elementary, and high school level, the property owner shall contribute a total of \$92,919.00 to the School District of Palm Beach County prior to the issuance of the first building permit.

3. *If the action requested will generate public facility demands that may be accommodated by capacity increases planned in the five-year schedule of improvements established by the comprehensive plan.*

The action requested will not generate public facility demands that will affect capacity increases in the five year plan as it relates to sanitary sewer, solid waste, drainage, portable water element. Please refer to the documents referenced above in the response to item number 2 and included with this request which confirms capacity and service for the proposed development. Additionally, the developer is required to participate in the proportionate share of any improvement cost necessary and/or provide Infrastructure needed to serve the new development.

4. *If the action requested conforms with future land uses as shown on the future land use map of the future land use element of the comprehensive plan.*

The proposed rezoning is entirely consistent with many of the Directives, Goals, Objectives and Policies of the Village of Royal Palm Beach Comprehensive Plan as provided in the justification statement under "Consistency with the Comprehensive Plan". The action requested will amend the Zoning Map and conform to the Future Land Use Map upon adoption of the Zoning Map Amendment by Village Council.

5. *If public facilities are developer provided, will the action requested accommodate public facility demand based on LOS standards?*

Please refer to the documents referenced above in requirement number 2 and included with this request which confirms capacity and service for the proposed development. The developer is required to participate in the proportionate share of any improvement cost necessary and/or provide infrastructure needed to service the proposed development.

6. *If public facilities are provided in part or whole by the Village, is the action financially feasible subject to the capital improvement element of the comprehensive plan.*

Please refer to the documents referenced above in requirement number 2 and included with this request which confirms capacity and service for the proposed development. The developer is required to participate in the proportionate share of any improvement cost necessary and/or provide infrastructure needed to service the proposed development.

Overall, the proposed Rezoning from Palm Beach County's Agricultural Residential (AR, PBC) and the Village of Royal Palm Beach's General Commercial (CG) Zoning District to the Village's Mixed Use Social Center (MXS) Zoning District is consistent with the Village's Comprehensive Plan and Zoning Code of Ordinances; compatible with adjacent future land uses; and meets all relevant concurrency level of service standards.
