Agenda Item Summary**

Agenda Item:

PUBLIC HEARING FOR SECOND READING AND ADOPTION OF ORDINANCE NO. 999, AMENDING CHAPTER 22. SUBDIVISION OF LAND. TO MODIFY THE REQUIREMENTS FOR PARK AND RECREATION LAND DEDICATION OR PAYMENT OF FEES IN LIEU THEREOF. BY BRADFORD O'BRIEN, PLANNING AND ZONING DIRECTOR.

Issue:

Private On-Site Recreation Open Space/Facilities Within Multi-Family Residential Developments:

Under Sec. 22-55 of Village Code, proposed multi-family residential developments (e.g., those located in RMU, RV-6, RT-8, RM-9, RM-12, RM-14, and MXD zoning districts) generate a park land dedication requirement based on the projected population for the development. Multi-family residential developers may satisfy this requirement by dedicating public park land to the Village, paying fees to the Village in lieu of the dedication, or undertaking some combination of both. Multi-family residential developers may receive partial credit toward their park land dedication requirement, not to exceed 50%, if they provide private on-site recreational amenities within the development. However, current code does not require that multi-family residential developers provide any private recreational amenities on-site. Instead, these developers could meet their recreation requirements solely by dedication of land to the Village, payment of fees in lieu thereof, or both.

Village Staff has reviewed this process and believes that multi-family residential developments need some private on-site recreational amenities such as tot lots, pools, or basketball courts. These on-site amenities allow residents to recreate within their own community without having to drive or walk long distances for recreational opportunities. On-site amenities also alleviate the burden placed on existing Village park and recreational facilities. Therefore, Village Staff is proposing to amend current code as follows:

- Require that 50% of the land to be dedicated to the Village as public open space/facilities for park and recreational purposes instead be provided as private on-site open space/facilities for park and recreational purposes within the proposed multi-family residential development;
- Provide that no dedication of park land to the Village or payment of fees in lieu thereof can be a substitute for the 50% private on-site recreation requirement;

- Provide that credit may be given for the 50% park and recreation open space/facilities provided on-site toward the overall land dedication requirement;
- Provide that the remaining 50% of land to be dedicated to the Village as public open space/facilities for park and recreational purposes be dedicated or paid for by fees in lieu thereof pursuant to the criteria contained in current code.
- Provide that the 50% on-site requirement does not apply to those multi-family residential developments of less than 3 units (e.g., a single-lot duplex)

Variances to the Village Recreation Requirements:

Village Staff believes that the recreation requirements contained in Sec. 22-55 are necessary to maintain the health, safety and welfare of Village residents, and to provide sufficient park land and recreational facilities in order to comply with the Village Comprehensive Development Plan. Therefore, Village Staff is proposing to amend Sec. 22-55 to clarify that variances to this section shall not be permitted.

The Local Planning Agency considered Ordinance 999 on December 16, 2019, and recommended Approval by a vote of 5-0.

The Village Council considered Ordinance 999 on first reading on December 19, 2019, and recommended Approval by a vote of 5-0.
